IMPORTANT TO
Wholesale Grocers
AND TEA DEALERS.
JAMES KYLE, 114 Warren St., New York, furnishes to the trade all sizes of plain and fancy covered Tea Caddies, holding from 2 to 30 lbs, labelled, facsimile of the latest cargoes of green and black Teas, having every appearance of original packages, and being made neat and light, and so that the smaller ones will nest in the larger ones, can be transported to any part of the country at a small expense. Merchants from the South and West would find the plan of putting up Teas at home much cheaper, and more satisfactory, than to have them repacked in New York, and extra fine Teas put up in 6, 8, 10 and 15 lb packages, will sell more readily, and at a better price, than by the chest. Fancy painted, lacquered and gilded Caddies, and Chinese Images, beautiful for window show, are also furnished. Dealers will please call and examine as soon as they arrive in the city, that time may be had to get them up to order, in time to ship with other goods. A list of Prices will be sent to any address, by mail, that may desire it.

OF
HORACE WATERS,
No. 333 Broadway, New York,
OPPOSITION TO MONOPOLY.
Music at Greatly Reduced Rates.
NOTWITHSTANDING the combination of music dealers to keep up the prices of non-copyright music, against the interests of native composers and their refusal to extend to Mr Waters the courtesies of the trade, he is making immense sales—having abundant evidence that he has public countenance and support in his opposition to the Great Monopoly, and in his efforts to aid Native Talent, and to adopt the National Currency. His stock of American and European music is immense, and the catalogue of his own publications is one of the largest and best selected in the United States. He has also made a Great Reduction in the prices of Pianos, Melodeons, and Musical Instruments of all kinds. Superior toned 6¼ octave pianos for $175, [illegible], interior of as good quality and instruments as strong and as durable as those which cost $500. Pianos of every variety of style and price up to $1000, comprising those of ten different manufactories, among them the celebrated modern improved Horace Waters Pianos, and the first premium Aeolian Pianos of T Gilbert & Co's make, (owner of the Aeolian patent.) Second hand Pianos at great bargains. Prices from $40 to $150. Melodeons from five different manufactories, including the well known S. D. & H W Smith's melodeons, (tuned the equal temperament) the best make in the United States. Prices $45, $60, $75, $100, $115, $125, and $150. Smith's Double Bank Melodeons, $200. Each Piano and Melodeon guaranteed. The best terms to the trade, schools, &c 12½ per cent discount to clergymen and churches. All orders promptly attended to. INSURANCE OFFICES

WISCONSIN
Home Insurance Office,
No. 6 Kneeland's Block.
MILWAUKEE, Wisconsin, MARCH 26 1855
INSURANCE EFFECTED UPON DWELLING HOUSES, Stores and other Buildings, Household Furniture, Merchandise and other property, against
LOSS OR DAMAGE BY FIRE.
This is a new Company, organized the 26th of January last, on the Mutual plan, with the privilege of the charter of doing business on the Cash plan, upon either Fire or Marine risks, but to the present time the business has been confined to the Mutual system of Insurance, and the very favorable and flattering manner in which the same has been received by the insuring public has induced the Directors to make it a purely Mutual Company. Because, it is believed that the recent failures of many of the eastern Companies has been owing mainly to the combination of the Cash and Mutual system in one company.
This Company commenced business with a capital of $40,000 and have already taken upward of [illegible], and it is believed that, with proper caution as to the selection of risks, and great economy in expenses, we shall soon be enabled to make this Company such as it will justly be preferred
The recent failures of several of the old Stock Companies, among the most prominent of which are the Protection and Columbus Companies, it is believed, have been caused by a combination of [illegible] it is believed the most proper manner, and a tendency to abuse the confidence of the [illegible] plan of insurance, and have thus shown that the only safe and reliable companies are those conducted on the Mutual principle
As it is the design of the Directors to do a profitable, rather than a large and therefore doubtful business, the Company will take none except first class risks, and at such rates as are deemed fully adequate to the risk. Agents are also instructed not to take to exceed $1500 upon any one risk in Village, within a circle of 4 in rods, under the whole of course will present very great advantages to the App lications for Insurance, respectfully solicited.

Highly Important to Farmers.
The only Exclusive Farmers' Insurance Company in the West.
THE MADISON MUTUAL,
Located at Madison, Wisconsin.
THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers, household furniture, grain in barns, live stock &c, from one to five years, at lower rates than most other responsible Companies.
All losses promptly paid at the office as soon as proof is made thereon
We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, and your own of the same class, and all will be on an equal footing
Experience has shown that two-thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected positively by letters taken along
Farmers, look to your own interest, and insure in a Farmers' Company.
We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last fourteen months we have not had a single dollar loss, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance
The best of references given as to the responsibility of the Company.

MILWAUKEE MUTUAL
FIRE INSURANCE COMPANY.
Office in Martin's Block, Milwaukee.
Capital over $165,000—in Cash and Premium Notes
THIS Company offers unrivalled facilities for the Insurance of Buildings and Personal Property against Fire. The advantages offered, are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the unquestionable ease with which losses are settled. During the last five years, this Company have issued 2500 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State

DR. J. B. MARCHISI'S
CELEBRATED CATHOLICON,
For the Relief and Cure of Suffering Females.

IT STANDS PREeminent for its curative powers in all the diseases for which it is recommended usually called
Female Complaints.
Of these are Prolapsus Uteri, or Falling of the Womb, Fluor Albus, or Whites,—Chronic Inflammation, and Ulceration of the Womb, Incidental Hemorrhage or Flooding, Painful, Suppressed and Irregular Menstruation, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe or how long standing.
The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in better condition
I have no hesitation in saying Dr Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhea, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty
JOHN C ORRICK, M D.,
Baltimore, Md.
The Catholicon is doing good service here. All the patients that have tried the medicine have been benefited but one—and that one nothing will help
Truly Yours,
WM. LAIRD HASLETT M D.
July 4th, 1854 New Philadelphia, Ohio.
I must say, from my own experience and personal observations in my practice, it has proved to be the best medicine remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation, and diseases of irritation of the female organs.
D Y. FOOTE M D.
Syracuse, N Y
Those needing such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet free, containing the proof, from the most respectable sources, of the beneficial results of its use, together with letters from highly experienced Physicians, who have used it in their practice, and speak from their own observations

Wholesale Grocers

AND TEA DEALERS.

JAMES KYLE, 114 Warren St., New York, furnishes to the trade all sizes of plain and fancy covered Tea Caddies, holding from 2 to 20 lbs, labelled, facsimile of the latest cargoes of green and black Teas, having every appearance of original packages, and being made neat and light, and so that the smaller ones will nest in the larger ones, can be transported to any part of the country at a small expense. Merchants from the South and West would find the plan of putting up Teas at home much cheaper, and more satisfactory, than to have them repacked in New York, and extra fine Teas put up in 6, 8, 10 and 15 lb packages will sell more readily, and at a better price, than by the chest. Fancy painted, lacquered and gilded Caddies, and Chinese Images, beautiful for window show, are also furnished. Dealers will please call and examine as soon as they arrive in the city, that time may be had to get them up to order, in time to ship with other goods. A List of Prices will be sent to any address, by mail, that may desire it.

OPPOSITION TO MONOPOLY.

Music at Greatly Reduced Rates.

NOTWITHSTANDING the combination of music dealers to keep up the prices of non-copyright music, against the interests of native composers and their refusal to extend to Mr. Waters the courtesies of the trade, he is making immense sales—having abundant evidence that he has public countenance and support in his opposition to the Great Monopoly, and in his efforts to aid Native Talent, and to adopt the National Currency. His stock of American and European music is immense, and the catalogue of his own publications is one of the largest and best selected in the United States. He has also made a Great Reduction in the prices of Pianos, Melodeons, and Musical Instruments of all kinds. Superb toned 6½ octave pianos for $175, $200 and $225, interior of as good quality and instruments as strong and as durable as those which cost $500. Pianos of every variety of style and price up to $1000, comprising those of ten different manufactories, among them the celebrated modern improved Horace Waters Pianos, and the first premium Aeolian Pianos of T Gilbert & Co's make, (owner of the Aeolian patent.) Second hand Pianos at great bargains. Prices from $40 to $150. Melodeons from five different manufactories, including the well known S. D. & H. W. Smith's melodeons, (tuned the equal temperament) the best make in the United States. Prices $45, $60, $75, $100, $115, $125, and $150. Smith's Double Bank Melodeons, $200. Each Piano and Melodeon guaranteed. The best terms to the trade, schools, &c. [illegible] per cent discount to clergymen and churches. All orders promptly attended to. WISCONSIN

Home Insurance Office,

No. 6 Kneeland's Block.

MILWAUKEE, WISCONSIN, MARCH 30 1854

INSURANCE EFFECTED UPON DWELLING HOUSES, Stores and other Buildings, Household Furniture, Merchandise and other property, against

LOSS OR DAMAGE BY FIRE.

This is a new Company, organized the 26 h of January last, on the Mutual plan, with the privilege by its charter of doing business on the Cash plan, upon either Fire or Marine risks, but to the present time the business has been confined to the Mutual system of Insurance, and the very favorable and flattering manner in which the same has been received by the insuring Public has induced the Directors to make it a purely Mutual Company. Besides, as it is believed that the recent failures of many of the Eastern Companies has been owing mainly to the combination of the Cash and Mutual systems in one company.

This Company commenced business with a capital of $50,000 and have already taken upward of [illegible], and it is believed that, with proper caution as to the selection of risks, and great economy in expenses, we shall soon be enabled to make this Company such a one as will generally be preferred.

The recent failures of several of the old Stock Companies, among the most prominent of which are the Knickerbocker and Columbus, although it is believed their business was conducted in the most proper manner, has had a tendency to shake the confidence of many of the most reliable and prudent men in the Stock plan of insurance, and have induced them to believe that the only safe and reliable Companies are those conducted on the Mutual principle.

As it is the design of the Directors to do a profitable, rather than a large and therefore doubtful business, the Company will take none except first class risks and at such rates as are deemed fully adequate to the risk. Agents are also instructed not to take or exceed $1500 upon any one risk in Village, within a circle of [illegible] rods diameter, which of course will prevent very great losses at one fire.

Applications for Insurance, respectfully solicited.

Highly Important to Farmers.

The only Exclusive Farmers' Insurance Company in the West.

THE MADISON MUTUAL,

Located at Madison, Wisconsin.

THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers, household furniture, grain in barns, live stock, &c, from one to five years, at lower rates than most other responsible Companies.

All losses promptly paid at the office as soon as proof is made thereon

We believe it to be for the interest of the farmers to insure by themselves, their property being less dangerous than any other, consequently you will have no losses, but your own of the same class, and all will be on an equal footing

Experience has shown that two-thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected ENTIRELY by LAW—FARM RISKS ALONE

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last fourteen months we have not had a single dollar loss, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance

THIS Company offers unrivalled facilities for the Insurance of Buildings and Personal Property against fire. The advantages offered, are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 3800 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. DR. J. B. MARCHISI'S

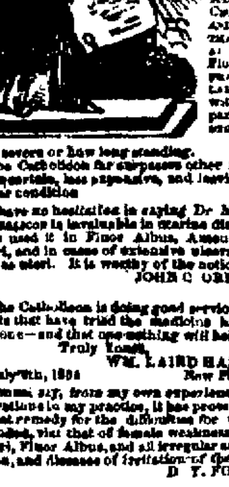
CELEBRATED CATHOLICON,

For the Relief and Cure of Suffering Females.



IT STANDS PREEMINENT for its curative powers in all the diseases for which it is recommended, usually called

Female Complaints.

Of these are Prolapsus Uteri, or Falling of the Womb, Fluor Albus, or Whites,—Chronic Inflammation and Ulceration of the Womb, Incidental Hemorrhage or Flooding, Painful, Suppressed and Irregular Menstruation, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe or how long standing.

The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in better condition

I have no hesitation in saying Dr Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhoea, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty

I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation, and diseases of irritation of the female organs.

Business Statistics of Milwaukee.

We publish this morning the interesting Report of the Committee appointed by the Board of Trade to compile and arrange for publication an account of the business of Milwaukee for the past season. Our readers were furnished with the same matter last December, the figures in this Report being mostly taken from an article prepared by us with great labor and care at that time, but it gives us pleasure to place before the people frequently the evidences of the rapid growth of our city. The Committee have added several items not contained in our article, and also give full information as to the progress of the railroad system centering in our city.

FROM OUR NEW YORK CORRESPONDENT.

New York, April 4th, 1855.

The cause of temperance, if it shall turn out that this cause is identical with prohibition—is certainly making progress, and this state has just given in its adhesion thereto, by the passing of a quite stringent prohibitory law, which, unlike your Governor, ours will not veto. I am glad that this bill has passed; for, although not yet convinced wholly that the dreadful scourge, and crime indeed, of intemperance, is in the long run to be most successfully combated by absolute prohibition of the sale of intoxicating liquors, the persuasion seems so universal that such is the only efficient remedy, that it is best the experiment should be tried upon as large a scale as possible. This city has heretofore seemed to me, by reason of its large floating, shifting, heterogeneous population, the most doubtful field for the experiment, without the hazard of much evil in effecting the proposed good; but so much has been accomplished by the quiet energy of the Mayor in regard to the public exposure to sale of spirituous liquors on Sunday, that my apprehensions are considerably abated. Nevertheless, it is in this city that the most obstinate and artful opposition to the prohibitory law will be made, and if it shall be faithfully and fully executed here, and be maintained long enough to test fairly its effects, and these should turn out to be what by the friends of prohibition is predicted—greater security of life and property, diminution in taxation and in criminal prosecutions, and a large increase in individual comfort, happiness, and respectability—all, doubtless, will be converted, and the policy of the law and its prohibitions will become permanent by the general acclaim. So may it be.

The whirlwind of defeat to the Pierce administration has swept over Connecticut, so that all New England is united in condemnation of a New England President. This could not happen if that President had not, in his policy, his party acts and associations, proved himself faithless to the teachings and the traditions of a New England home. The new party—if party that can be called which has no outward principles of action, and only negative propositions to maintain—a party of exclusions—but of no known or avowed conclusions—which tells us what they would not have, but not what they would have—this new party played a large part in the Connecticut election, and by fusion mainly with whigs, carried the defeat of the sham democracy. This in itself, is so real a cause of triumph—it is so legitimate a motive for congratulation when falsehood is overthrown, that I greatly rejoice in the result of the Connecticut election. And as to shams and falsehoods, there can be no more hideous ones than those which in the name of Democracy uphold the extension of slavery—the stealing where we cannot buy our neighbor's possessions—the favoritism which finds warrant enough in the Constitution to spend the public money in improving the comparatively unimportant harbors of a single state, and that of course a slave state, and refuses to find any such warrant for a little expenditure on the St. Clair Flats, over which must pass the navigation of six free states—New York, Pennsylvania, Ohio, Michigan, Wisconsin, and Illinois, and portions of the international commerce of the two Canadas.—There are no means, no fusions, no combinations not immoral in themselves, which may not properly—which should not be resorted to—in order to put down degrading and destructive falsehoods like these.

Your Governor seems intent, by a use of the Veto, never before dreamed of by those who sanctioned the introduction of this feature of autocracy in our popular institutions, to maintain himself and his partizans at all hazards.—But while the Sentinel and other unbought journals spread the facts and the truth before the people, there can be no reason to fear that such expedients can, in the long run, avail. In Wisconsin, as everywhere else in the United States, at least in the free states, where there is a real people—there can only be one interest, one wish—that public men should honestly conduct public affairs for the general good; but this people,—this multitudinous people—are not politicians; they are farmers, laborers, miners, mechanics, merchants, lawyers, doctors, clergymen, sailors,—each intent upon his own calling, neither dreaming of nor desiring office for himself, but only asking that those he votes for shall mind the public business as faithfully as he, the voter, minds his own.

This people, in short, are too well off to trouble themselves much about politics, and hence the game is thrown into the hands of a comparatively small number of persons, who, practising on the maxim that the state is a fat goose which he who can, and does not pluck, is even a greater goose—fashion public measures on the standard and for the advancement of a A. B. & C. who, once promoted, are to use all their power and influence to promote, according to time, place, and opportunity, and rarely or never according to fitness—all the other letters of their party alphabet even down to ampersand. It is only when excess of evil from such corrupt practices suddenly awakens the people,—when some great act of fraud and wrong, like the Kansas-Nebraska law, for instance, stirs to its depth the popular heart, that the Giant raises himself, and shakes "like a dew drop from the lion's mane" the mischievous ephemera which, in the thoughtfulness of his repose and of their own presumption, occasioned the mischief.

The object of the Press is to give voice and significance to this awakening of the Giant, and if possible, and as long as possible, to keep him awake, and then all goes well.

RHODE ISLAND ELECTION.—In all but three towns the vote for Governor stands—Hoppin (whig and K. N.) 10,466; Potter (dem.) 2304.

For Lt. Governor, Rose, K. N. 8775; Reynolds whig, 1257; Littlefield, dem. 2274.

For Congress, Eastern District—Durfee, K. N. and whig, 5554; Davis, dem. 1566; scattering, 109. Western District—Thurston, K. N. and dem. 4359; scattering, 605.

BOARD OF SCHOOL COMMISSIONERS.—The Wisconsin corrects its blunders in regard to Junor Jameson, but clings, of course, to its misrepresentation about the editor of the Sentinel; and by way of showing its "personal regard" for us and great love of "verity," adds that we didn't decline till "after it was manifest that we could not be elected." It is hardly necessary to say that this, like the Wisconsin's first statement, is manufactured out of whole cloth. The Wisconsin accompanies the fabrication with profuse expressions of its "friendly feelings" for us, and its intense desire to tell nothing but the exact truth; but unluckily confutes and confounds its precepts by its practice.

ANNUAL REPORT
—OF THE—

COMMERCE, MANUFACTURES,
AND
PUBLIC IMPROVEMENTS
OF
MILWAUKEE,

For the year - - - - - - - - - 1855.

NOTICE.

At a meeting of the Milwaukee Board of Trade, the undersigned were chosen as a committee to collect and report the commercial statistics of the city. The committee reported the statistics on Saturday 31st of March, when the Board voted to re-commit the Report to the committee, with instructions to compile it and procure 1,000 copies printed in pamphlet form. The duties assigned us have been performed, and we present the following Report as the result of our labors, with the hope that this being the first regular and thorough Report of the kind, its want of greater detail will be overlooked.

R. H. STRONG.
W. B. ALVORD.
L. L. LEE.

CITY OF MILWAUKEE.

The city of Milwaukee, which now ranks among the important and influential cities of the United States, is of recent origin, even as a village not extending back twenty years. The city is located on the best port on Lake Michigan, the river being navigable for the largest craft.—It always has been, as it must ever continue, the great commercial emporium of the fertile State of Wisconsin. Milwaukee was first laid out as a village, in 1835; in 1838 the population was 700; in 1840, 1,751; in 1842, 2,700; in 1847, 14,061.—in 1850, 20,061. At the present time it has 40,000 permanent inhabitants. The location of the city is among the most lovely in the world, combining remarkable commercial and geographical advantages, with health and beauty. During the rage of cholera, in other parts of the Union, and in other Lake cities, last summer, Milwaukee was entirely exempt from it, none occurring except cases from infected parts of the country. We are also exempt from all those fevers, so much the dread of eastern men. So generally is Milwaukee noted for its health, that any repetition of its attractions in this respect is entirely unnecessary in a publication of this character.

Monetary Affairs of the Past Year.

As money is the life-blood of an active business, it is essential to add a few remarks relative to the moneyed facilities of our business men. These have been more liberal than in previous years, but by no means commensurate with our wants. The very high prices of produce demand more than the usual amount of currency to do the same business. This has been felt in all departments of trade. Business moved on with considerable ease until the autumn panic in Indiana currency, which led to a general panic in moneyed matters. That has gradually passed away, and the price of produce has continued to rise, as money matters become easier at the East. Our great want is more Banking capital. Only $725,000 is employed in this city for that purpose, as follows:

	Capital
Wisconsin Marine & Fire Ins Co, Bank,	$100,000
State Bank of Wisconsin,	250,000
Exchange Bank of W. J. Bell & Co.,	50,000
Bank of Commerce,	100,000
Farmer's & Miller's Bank,	100,000
Germania Bank, (closed)	25,000
Bank of Milwaukee,	100,000
People's Bank,	25,000

Our business really requires $3,000,000. Our Banking capital is slowly enlarging, and we venture to say that there is not a more favorable location in the Union to enter upon Banking than Milwaukee at the present time affords. Our law is confessedly the best in the Union, and there are good customers here for as large banking facilities as are given to Troy or Albany or Hartford. Banking paper here is not accommodation notes, but based upon actual produce transactions—which brings the paper within the strict rule of commercial Banking, and discounting such paper, a Bank with ordinary good management, cannot fail. But we also need Banks that can discount manufacturers' paper—similar to many institutions in New England, and which have been the means of adding so largely to the industrial activity that has converted the water-power on its mountain streams into engines of productive industry.

IMPORTS AND EXPORTS.

A casual glance at the tables of Imports and Exports would seem to indicate that the balance of trade was against our city,—and that we must send forward money to make up the deficiency, but a more careful analysis of the tables which your committee present show that is not true.—In the items of Horses, Cattle, Sheep and barrels bulk of which we have returned several hundred thousand dollars as imports, a great portion is in fact an addition of so much to our capital, instead of having to be paid for out of our exports.

We have the Iron and rolling stock of our Railroads charged to our exports, which does not legitimately belong to the city trade to wholly pay for. There are also several hundred thousand dollars worth of Iron in material—brought to our city, manufactured into useful articles, and then exported; thus really coming under the head of exports, to be set against the imports of raw material—giving the city the profit upon the labor and manufacture.

Again, the lumber merchants of the pineries send the most of their supplies of salt, sugar, flour, coffee, clothing, &c., from this city, making a large amount of actual exports that does not appear in the tables as compiled by your committee. The exports of the pineries go down the Rivers, and are shipped East and South, without appearing in the exports of Milwaukee. This, in itself, accounts for a large difference between imports and exports.

In preparing the above tables of Manufactures, the Committee have taken the actual figures of the branches of business enumerated, when they could be obtained, and whenever estimates have been necessary they have given a figure that is within the actual amount, rather desiring to make a correct and reliable statement, than to publish a high sounding and false show. Under the head of "Miscellaneous," we are confident that our figures do not reach the amount which might be put against it, for there are innumerable small establishments, manufacturing from $5,000 to $15,000 worth of articles of various characters, which it is next to impossible to ascertain, except by estimate. That our manufacturing interests are rapidly on the increase, is beyond a doubt. This increase is healthy and permanent. There are in contemplation enlargements to our Locomotive Works, Boiler Factories, Planing Mills, Furniture establishments, &c., &c.

We introduce here the table of the Manufactures, as obtained by this Board in March 1853, as a data for comparison:

RAILROAD SYSTEM.

The Railroads completed and in contemplation, centering at this point, form one of the most advantageous and important systems of commercial intercourse in the whole country. The Lake Shore Road, traversing the shore of Lake Michigan, and bringing in close connection the thriving cities upon it. The Milwaukee and Mississippi Road, penetrating the South-west and West of the State, to Mississippi River, is invaluable for the resources which it develops and turns to our trade. The Watertown Road, running directly West, opens up to the trade of the city another portion of the rich valley of the Rock River, and its important water power and lumber wealth. The La Crosse Road, running North-west to the Mississippi River, passes through another wealthy portion of the State, and cannot fail to swell the commercial wealth of Milwaukee to an immense extent. Then we have the contemplated Air Line Road to Fond du Lac and Lake Superior, and several others whose state of progress does not require a notice at the present time. Beside the roads mentioned as immediately affecting the interests of Milwaukee, there are several projected roads, running through the central portion of the State, which will serve to develope its resources and enhance the business of its commercial capital.

MILWAUKEE & MISSISSIPPI R. R.

During five months of the year 1854, there were 80 miles of the main line of this road, and the Janesville Branch, in operation; and during the seven remaining months, the whole length to Madison, 95 miles, and also the Branch, were in operation.

The gross receipts of this road for the year 1854 were $465 051 19; from which deduct $8,186 41, charged on construction account leaves $456,864 78 actually earned from the transportation of passengers and freight. The running expenses, as stated in the report of the Directors, are $149,252 37, leaving for net earnings the handsome sum of $307,612 41, which is equal to more than twelve per cent. upon the entire cost of the main line to Madison, the Janesville branch, all the equipments, and all the depot buildings and grounds.

The above facts illustrate two important considerations, especially when we keep in mind the fact, that this sum is derived wholly from a local business—the one is, that the county through which the road passes, has unsurpassed capabilities of production—and the other, that the road when through to the Mississippi river, will not only be one of the best paying roads, but it will pour into this city an amount of business which cannot well be overestimated. Indeed, with the M. & M. Railroad completed, as it is now confidently believed that it will be, in about 2 years from the present time, to the Mississippi river, at Prairie du Chien—and the Southern Wisconsin road completed from Janesville to Dubuque, of which there is equally as strong a probability, the quantity of agricultural and mineral products which will then be brought to this market, will not be surpassed by any point upon the Lakes. So also in reference to merchandize; we are equally confident that it will not be surpassed by any point on the Lakes, when we take into consideration the vast area of our own State that must receive its supplies from Milwaukee, and especially when we add also, the supplies which must find their way from this point to a large portion of Iowa, the whole of Minnesota, and the upper Mississippi country.

For instance, freight from Buffalo, by way of the Lakes, going to Northern Iowa, Minnesota, and the Upper Mississippi country, could be taken over the Milwaukee and Mississippi road to Prairie du Chien, as soon as they could be landed by water at Chicago. As an illustration, compare the distances. From Milwaukee to Chicago by Lake, 90 miles, from Chicago to Dubuque, by the Galena road, 186 miles; and from Dubuque to Prairie du Chien, by the Mississippi river, about 90 miles—making in all 346 miles. Now from Milwaukee to Prairie du Chien, by the M. & M. Railroad, is 190 miles—making a difference in favor of this route of 156 miles. So much for the advantage of our position during the season of navigation; but when that is closed there will be no chance of competition whatever.

EDWARD H. BRODHEAD, Engineer.

MILWAUKEE & WATERTOWN R. R.

This road was opened for business to Oconomowoc, a distance of thirty-two miles from Milwaukee, on the 14th day of December, 1854.—The gross receipts from that day to the first of April, have been as follows: For passengers, $5 578 31; for freight, $11,909 37; making a total of $17,487 68. This result, when we take into account the season of the year, and the fact that there is a Plank Road by the side of the Railroad for the whole distance, is entirely satisfactory, and gives an earnest of what the road will do when in operation to Watertown, to which point it will be completed by the first of August next.

I regard this road as one of the best leading out of Milwaukee, and have no hesitation in saying that if the road were to-day, in operation to Watertown, the receipts would be from $10,000 to $12,000 per month.

EDWARD H. BRODHEAD, Engineer.

The La Crosse and Milwaukee R. R.

Your committee are informed by the Directors and Officers of this road, that it is making very satisfactory progress, and such as affords the strongest assurance that it will be completed to Horicon (the point where it crosses Rock River) and in operation, by the first of September next—being a distance of fifty one miles from Milwaukee, or a little more than one quarter of the whole line to the Mississippi—the whole distance being one hundred and ninety-six miles. We can not better describe this branch of our improvements, than by giving the following extracts from a published statement, by Mr. Kilbourn, as special agent of the La C. & Mil. Co., showing the merits of the work, and the designs and expectations of the Company:

"This company has been organized under a special charter, authorizing the construction of a Railroad from Lake Michigan, at the City of Milwaukee, to the Mississippi River, at the village of La Crosse. The design of the Company is to secure its extension westward from the latter point, through Minnesota, touching the St. Peters River, at its southerly bend, and thence to the Missouri River; thereby commanding the business of all that fine portion of southern Minnesota, extending from the Mississippi to the Missouri River—a distance of some four hundred miles—in which tract of country no other road can ever be so constructed as to enter into competition, as will be evident from a glance at the map of the country. This line of road, together with the other appendant roads, now in progress, serving as branches to it, will concentrate upon Milwaukee, the business of a larger extent, and finer region of country, that can be commanded at any one point, by any one road, west of the principal cities on the seaboard.

"To illustrate this proposition, let us refer to the map of the State.

"Diverging from the main trunk line, there are three lines of Railroads, authorized by special acts of the Legislature, viz.

"1st. The Milwaukee, Fond du Lac and Green Bay Railroad Company, which was duly organized, and commenced operation as a separate organization; but its interests being so closely identified with the La C. & M. R. R., it was deemed advisable to consolidate them, which was accordingly done. The Fond du Lac road thereby becomes a branch of the La Crosse road, running nearly in a right line from Fond du Lac and Oshkosh, on the western shore of Lake Winnebago, and commanding the valley of the Wolf River, which is one of the most productive and interesting regions of the State.

"2d. The next important auxiliary to the La Crosse road, is the Horicon Railroad, which diverges at Horicon, on Rock River, and extends by way of the villages of Waupun, Ripon and Berlin on Fox River, to Stevens' Point, on the Wisconsin River, some fifty miles above Portage City. The Horicon company is in the full tide of successful operation, having put their line under contract as far as Berlin, some forty-two miles, with a fair prospect of its completion by next fall. "This road passes through a beautiful agricultural country, and will pour a flood of business on to the La Crosse road; at their junction.

3d. The third important auxiliary to the La Crosse road will be the Fox Lake and St. Croix Railroad, which diverges at Waushara, on Fox Lake, 70 miles from Milwaukee, and extends through that broad expanse of fine country, watered by the Yellow River, of Wisconsin, Black and Chippewa Rivers, of Mississippi, and Willow River, of St. Croix. This country is surpassed by none in Western America, and will of itself give a railroad passing through it a business which will make it one of the best roads in the country. This road will bring to the La Crosse road an immense accession of business, even though it should never be extended beyond St. Croix. Thus it will be seen that a main trunk road, with its appendent system of roads, could not be better devised for commanding the business of such a large extent of country. No railroad can be constructed north of this, which will operate as a rival for the business of any considerable portion of the northern part of the State, or which can divert any important part of that business from the La Crosse road, and from Milwaukee, as the natural commercial emporium of that region. Other roads may, and perhaps will be extended from other points, on Lake Michigan, north of Milwaukee, towards the west; but their range of business must necessarily be limited; and they would operate more as feeders to the above described roads, than as rivals to divert the business from Milwaukee.

"But when we survey the vast field beyond the almost boundless West and North-west, we are lost in the magnitude of our subject and would no more attempt to define and estimate in detail, the amount of business which, from that great country, must in a very few years flow over the lines of these roads, than we would attempt to define and make apparent to the senses, a just idea of the myriad drops of water contained in the ocean. None, except such as have travelled over that broad West, can form the least idea of its immense resources. The export trade of this city, as exhibited in the foregoing statement, though large at the present time, would be relatively small, as compared with that which must immediately take place on the extension of railroad improvements to those regions.

"The accumulated business of the several roads in this connection, together with the accession from the south-western portions of the State, and the northern parts of Illinois and Iowa, which will be received over the Watertown, Mississippi and Southern Wisconsin roads, will therefore concentrate on Milwaukee, an amount of business beyond present computation, even tho' no road should be extended beyond the present limits of the State, into any part of the great country beyond the Mississippi. This vast commerce, and the large tide of travel which must necessarily flow along with it, will naturally find its way to the markets of the world, by a direct communication across Lake Michigan, and by way of the railroads through the State of Michigan, Canada and New York, to the seaboard."

THE LAKE SHORE RAILROAD.

The Green Bay, Milwaukee and Chicago Railroad Company commenced the construction of the road between the city of Milwaukee and the state line between Wisconsin and Illinois, in August, 1853, since which time the work has steadily progressed, and it is the intention to open the road for the conveyance of passengers and freight by the 1st day of May next. Messrs. Bishop & Co., contractors, have urged forward the work more rapidly than could be expected under the unfavorable state of the monetary affairs of the country. The extreme severity of the winter has prevented the rapid prosecution of the work of laying track, otherwise the road would now be open. The equipments are 4 locomotives, 8 passenger cars, 35 freight cars of the best finish and most perfect patterns, and it is the design of the Company to make it a first class road in every respect, in order to accommodate the large amount of passenger business that will inevitably pass over this line. It is estimated that a population of 200,000 are directly and indirectly dependent upon the construction of a road 40 miles in length.—This road connects at the State line with the Chicago & Milwaukee Railroad. Messrs. Stone & Witt, the energetic contractors of that road, have opened the line to Waukegan, and in a few days will have the track to the state line.

A. G. LELAND, Secretary.

NEWSPAPERS AND PRINTING.

The city of Milwaukee is not behind in this branch of enterprise. There are now published, seven Daily newspapers—four English and three German—with an aggregate circulation of 6,000 copies. There are also published nine Weekly newspapers, with an aggregate circulation of 15,000 copies. Also five Tri-weeklies, with an aggregate circulation of 2,500. Besides these establishments, three of which use steam presses, there are several Book and Job Printing offices, of considerable importance, making a mechanical trade of upwards of $100,000 per annum.

FLOURING MILLS.

We have in the City of Milwaukee five Flouring Mills, running an aggregate of 16 run of stone, and manufacturing 130,000 barrels of flour annually. The flour of the past year is worth $910,000. This is done entirely unassisted by steam, and does not use the whole hydraulic power of our River. These mills are a great source of wealth and convenience to our city—wealth, for the large amount of flour that they export, and convenience, for supplying our market with a superior article for domestic use. For the purposes of power, the Milwaukee River privilege is in value only secondary to its navigation.

BRICK MAKING.

This important branch of business is so closely connected with the growth, permanency and beauty of the city, and inasmuch as our city is styled the "City of Bricks," a report upon its commerce and manufactures would seem to be incomplete, if your committee should neglect to speak particularly of it. By a reference to the table of manufactures, it will be seen that there are 15,000,000 of Brick annually manufactured in the city, a large portion of these are the celebrated steam pressed brick, and of the beautiful and unrivalled light-color, so much the pride of our city. No place in the world has a more elegant building material, or in more abundant quantities. It is also becoming an article of export, as its great beauty and durability become known at less favored points.

IRON FOUNDRIES.

As soon as the La Crosse Railroad shall have been completed to Dodge County, where it will reach a rich Iron region of the State, this interest will be of incalculable importance. Several smelting furnaces are in operation in that county, and as soon as railroad facilities are completed, their number can be increased to an indefinite extent.

The Southern Wisconsin Railroad will be built to the lead region of Iowa and Green Counties, and will pour in upon us a stream of that valuable metal which now seeks a market at St. Louis, down the Mississippi River. Thousands of dollars could be profitably invested in the manufacture of lead pipe, block tin pumps, and shot, as well as various other articles in which lead is used, as a principal ingredient. This, we anticipate, will be done, and eventually become a considerable addition to the manufacture and commerce of our city.

In a French caricature of a Parisian cockney out for a day's shooting, a bird has perched upon the barrel of his fowling piece. Holding the gun at arm's length, our Nimrod searches through the index of his sporting guide, and then replaces it in his pocket, with the words, "Eventuality unprovided for by the Sportsman's Manual."

JUDICIAL ELECTION.

RESULT AS FAR AS ASCERTAINED.

We subjoin a table of reported results in the different counties in the state, as far as returns have come to hand. We give the majorities in round numbers, though they will not differ materially from the official results:

COLE 3550 ahead. The Madison Democrat concedes his election by "a majority of from 5000 to 8000 votes." Enough said.

BROWN COUNTY.—The city of Green Bay elects FRANK DESNOYERS, Mayor, J. H. Howe, Superintendent, J. S. Baker, Assessor, O. H. Kies, Justice, and gives 17 majority for Crawford. Depere gives Crawford 41 majority, and Howard gives him 78 majority. The county will probably be 300 for Crawford.

DANE COUNTY.—In 22 towns, Crawford has 207 majority over Cole. The remaining towns are quite as likely to diminish as to increase that majority.

LAFAYETTE COUNTY.—The vote of Shullsburg was 176 for Cole, 100 for Crawford. Monticello gives Cole 40, Crawford none. The county has probably given Cole a small majority.

MANITOWOC COUNTY.—In the town of Manitowoc, the People's ticket was elected over the "democratic." Mr. BENNET receiving 199 votes for Chairman of the Board, and Mr. BACH, 121. Mr. ALDRICH is the chairman elect from Two Rivers. The County gives about 400 majority for Crawford. A correspondent writes:

"So far as I have heard, Mr. Crawford has majorities in all the towns except Manitowoc Rapids. Mr. Gorsline has all the votes for Circuit "Judge. The People's ticket is elected in this "town and Two Rivers. Maple Grove elects a "Republican chairman.

RACINE.—Racine City, at the recent charter election, elected GEORGE WUSTUM, Mayor, by six majority over GILBERT KNAPP—the vote being 538 for Wustum, to 542 for Knapp. D. McDonald was elected Justice, John Roberts, treasurer, John Faucher, Marshal, and R. W. Rowe, Clerk. Mr. M. P. Kinney, for Superintendent, and M. M. Strong, for R. R. Commissioner, had no opposition. For Supreme Court, Cole received 575 votes, Crawford 495. The County, according to the Democrat, gives 800 majority for Cole.

SENTINEL OFFICE, MONROE WIS., April 6, 1855.

MESSRS. EDITORS:—Nine towns heard from, give Cole 757 majority. Old Green is good for 1000.

STOUT & TENNEY.

ROW AT THE TEN MILE HOUSE.—A row occurred at the Ten Mile House, on the Green Bay road, at which the landlord and his family were beaten by the assailants, who were from a house nearly opposite.

BODY OF A MAN FOUND.—The body of a man who had evidently been murdered, was found on the Lake shore about a mile north of the Racine Light House, on Saturday. The man's throat was cut, his skull fractured in one or two places and holes were found in his body, supposed to have been made by bullets. He had light hair, small hands and feet—was from 5 ft. 7 in. to 5 ft. 9 inches in height. The body was entirely naked. It was at first thought that this was the body of the missing man Carroll, but the officers here assert that it bears no resemblance to him, as Carroll had black hair, &c.

Kansas Election.

A telegraphic dispatch recived yesterday from Kansas, says:

A majority of pro-slavery members in each house of the Legislature of Kansas have received certificates of their election, Gov. Reeder, it is said, recognizes the right of the Legislature to decide cases of contested election. The Governor leaves in a few days for Washington.—[St Louis Republican April 7.

The brig Perry has returned in a leaking condition, having encountered a severe gale; so that the officers who went on her in pursuit of Baker are back again.

The Governor's Reasons—The Second Veto.

In the Veto of the first Prohibitory Liquor Bill passed, the reasons assigned were that the bill prohibited the manufacture, while permitting the sale of Liquor. Whoever reads carefully the bill, will see that there is no prohibition of the manufacture for lawful purposes. The wine, beer and cider amendment is objected to as inconsistent with the object of the bill, and "as rendering it liable to the suspicion of being the means for attaining other ends than those proposed!" We were no friends of this amendment, though it was considered as necessary to the enforcement of the act, and was so carefully guarded as to give no reasons for vetoing the bill. The other objection was to the section authorizing the confinement of drunkards until they were willing to reveal where they obtained their liquor. This, though it has stood the test of law in the Eastern States, the Gov. thinks "very dangerous to individual liberty!"

In the second veto the Governor repeats what are facetiously called the constitutional objections to the second bill, from which everything objected to in the first bill, had been excluded, and cannot approve of the bill because of the sections providing for search and seizure, for forfeiture of liquors kept contrary to law and their destruction if impure, and declaring that no action shall be maintained for the recovery or possession of any liquor not kept according to the provisions of the law. All of which principles have been declared constitutional by the highest legal tribunals of the land.

We wish those who voted for Governor Barstow at the same time that they voted "Prohibitory Law, Yes," much joy of a Governor who "deplores the evils of intemperance as deeply as the most fervent advocate of Temperance," but vetoes all Prohibitory Laws.—[Platteville (Grant Co.) American.

SERENADE.—We learn that a large body of our German citizens gave last evening a complimentary serenade to Hon. James Bennet, who has just returned from Madison.

Mr. B. acknowledged the complement in an appropriate speech and the crowd then moved to the residence of Mr C. Esslinger the President elect of the village, who also responded in a manner both appropriate and gratifying. Over 150 were present. With the spirit of liberality which we design shall hereafter as heretofore characterize our political course, we are induced to admit that the compliment was not inappropriate.—Manitowoc Tribune, (Dem.)

THE WATER-CURE.—The work upon this establishment is going forward finely. The outside is already painted, and the walls are plastering. It will be ready for occupation in June.—[Madison Journal.

ONE OF THE STORMS.—Our Lake Superior correspondent tells a story of a storm up there which gave them snow to the depth of fifteen feet on a level, and asks if we saw anything of it. No we didn't.—Green Bay Advocate.

REVIEW OF THE MARKETS,

FOR THE WEEK ENDING APRIL 10th

OFFICE OF THE DAILY SENTINEL,
Milwaukee, April 10, 1855.

RECEIVED BY M. & M. RAILROAD, APRIL 7TH—19 bbls flour, 1482 bus wheat, 846 do potatoes, 21 do grass seed, 60 do beans, 100 doz brooms, 32 bbls pork, 4 do lard, 4 hogs, 2 kegs butter, 905 lbs hides.

By M. & W. R. R. 7th—127 bbls flour, 219 bus wheat 176 do potatoes, 2000 lbs flax, 16 bus barley, 67 bus rye.

Received by railroad during the week past:—1521 bbls, 167 sacks flour, 10,281 bus wheat, 6450 do potatoes, 284 do corn, 261 do barley, 126 do grass seed, 341 do rye, 422 do oats, 104 do beans, 2000 lbs flax, 100 doz brooms, 2425 lbs hides, 3570 lbs tobacco, 38 bbls pork, 167 hams and shoulders.

We are obliged to limit our remarks this week, owing to the space occupied by the Annual Business Report. The market has gradually stiffened, and the amount of produce coming in, which has not been large, has been readily taken at advancing rates.

Flour—not much change. We notice a sale yesterday of 1000 bbls superior No 1 at $7,25.

Wheat—is active and prices are a trifle better than last week. Sales are made in the street and at the depot at the figures in our table. We note sales yesterday of 7000 bus superior white winter, at 1,75, (the best lot of wheat and highest price ever paid in our city,) and 22,000 bus mixed, free on board, at 1,47. Other negotiations are on foot, but not closed.

Other grains as in our table. Corn has advanced notably, and we quote a sale of 12,000 bus, free on board 15th of May, at 60.

Potatoes are in active demand at 1,00@1,12½, and advancing, being wanted both for home use and export. Some 5000 bushels have already been shipped to the southward, and the scarcity is such that the large surplus of this state will find ready purchasers at high prices. They retail at about $1,25.

We hear nothing as yet from the Straits, and it is doubtful whether vessels can get through before the 1st of May, so that the full tide of spring business will set in late.

HOLLOWAY'S PILLS, a certain cure for derangements of the Stomach and Bowels, Liver Complaints, Loss of Appetite and Bilious Disorders.—These Pills have a wonderful effect upon a disorganized system, acting immediately upon the fluids, thus the most impure blood becomes totally changed. Persons who use them for a few weeks cannot fail to meet with a cure of any of the above diseases and those who may be unfortunately affected with disagreeable or offensive breath, cannot do better than avail themselves of these invaluable Pills.

WE HAVE HEARD OF IT EVERY WHERE.—The reputation of Dr. A. L. Adams' Liver Balsam for doing what it promises to do, and the wonderful cures which it has effected are so great, the people everywhere are as conversant with the good qualities of this Medicine as with "Household Words."
It does not become necessary to keep the public advised of this Medicine through the channel of the Press, as other Compounds are.—From its first introduction those individuals who have used it become living advertisements for it. If this should be noticed by the readers who is afflicted with any disease which this Medicine proposes to cure and is anxious to be restored to good health, our advice is get a bottle of Dr. A. L. Adams' Liver Balsam, take it and live. See testimonials in this paper.

Business Statistics of Milwaukee.

We publish this morning the interesting Report of the Committee appointed by the Board of Trade to compile and arrange for publication an account of the business of Milwaukee for the past season. Our readers were furnished with the same matter last December, the figures in this Report being mostly taken from an article prepared by us with great labor and care at that time, but it gives us pleasure to place before the people frequently the evidences of the rapid growth of our city. The Committee have added several items not contained in our article, and also give full information as to the progress of the railroad system centering in our city.

FROM OUR NEW YORK CORRESPONDENT.

New York, April 4th, 1855.

The cause of temperance, if it shall turn out that this cause is identical with prohibition—is certainly making progress, and this state has just given in its adhesion thereto, by the passing of a quite stringent prohibitory law, which, unlike your Governor, ours will *not* veto. I am glad that this bill has passed; *for, although* not yet convinced wholly that the dreadful scourge, and crime indeed, of intemperance, is in the long run to be most successfully combated by absolute prohibition of the sale of intoxicating liquors, the persuasion seems so universal that such is the only efficient remedy, that it is best the experiment should be tried upon as large a scale as possible. This city has heretofore seemed to me, by reason of its large floating, shifting, heterogeneous population, the most doubtful field for the experiment, without the hazard of much evil in effecting the proposed good; but so much has been accomplished by the quiet energy of the Mayor in regard to the public exposure to sale of spirituous liquors on Sunday, that my apprehensions are considerably abated. Nevertheless, it is in this city that the most obstinate and artful opposition to the prohibitory law will be made, and if it shall be faithfully and fully executed here, and be maintained long enough to test fairly its effects, and these should turn out to be what by the friends of prohibition is predicted—greater security of life and property, diminution in taxation and in criminal prosecutions, and a large increase in individual comfort, happiness, and respectability—all, doubtless, will be converted, and the policy of the law and its prohibitions will become permanent by the general acclaim. So may it be.

The whirlwind of defeat to the Pierce administration has swept over Connecticut, so that all New England is united in condemnation of a New England President. This could not happen if that President had not, in his policy, his party acts and associations, proved himself faithless to the teachings and the traditions of a New England home. The new party—if party that can be called which has no outward principles of action, and only negative propositions to maintain—a party of *exclusions*—but of no known or avowed *conclusions*—which tells us what they would *not* have, but not what they *would* have—this new party played a large part in the Connecticut election, and by fusion mainly with whigs, carried the defeat of the sham democracy. This in itself, is so real a cause of triumph—it is so legitimate a motive for congratulation when falsehood is overthrown, that I greatly rejoice in the result of the Connecticut election. And as to *shams* and *falsehoods*, there can be no more hideous ones than those which in the name of Democracy uphold the extension of slavery—the stealing where we cannot buy our neighbor's possessions—the favoritism which finds warrant enough in the Constitution to spend the public money in improving the comparatively unimportant harbors of a single state, and that of course a slave state, and refuses to find any such warrant for a little expenditure on the St. Clair Flats, over which must pass the navigation of six free states—New York, Pennsylvania, Ohio, Michigan, Wisconsin, and Illinois, and portions of the international commerce of the two Canadas.—There are no means, no fusions, no combinations not immoral in themselves, which may not properly—which should not be resorted to—in order to put down degrading and destructive falsehoods like these.

Your Governor seems intent, by a use of the Veto, never before dreamed of by those who sanctioned the introduction of this feature of autocracy into our popular institutions, to maintain himself and his partisans at all hazards.—But while the *Sentinel* and other unbought journals spread the facts and the truth before the people, there can be no reason to fear that such expedients can, in the long run, avail. In Wisconsin, as everywhere else in the United States, at least in the free states, where there is a real people—there can only be one interest, one wish—that public men should honestly conduct public affairs for the general good; but this people,—this multitudinous people—are not politicians; they are farmers, laborers, miners, mechanics, merchants, lawyers, doctors, clergymen, sailors,—each intent upon his own calling, neither dreaming of nor desiring office for himself, but only asking that those he votes for shall mind the public business as faithfully as he, the voter, minds his own.

This people, in short, are too well off to trouble themselves much about politics, and hence the game is thrown into the hands of a comparatively small number of persons, who, practising on the maxim that the state is a fat goose which he who can, and does not pluck, is even a greater goose—fashion public measures on the standard and for the advancement of a A. B. & C. who, once promoted, are to use all their power and influence to promote, according to time, place, and opportunity, and rarely or never according to fitness—all the other letters of their party alphabet even down to *amperzand*. It is only when excess of evil from such corrupt practices suddenly awakens the people,—when some great act of fraud and wrong, like the Kansas-Nebraska law, for instance, stirs to its depth the popular heart, that the Giant raises himself, and shakes "like a dew drop from the lion's mane" the mischievous ephemera which, in the thoughtfulness of his repose and of their own presumption, occasioned the mischief.

The object of the Press is to give voice and significance to this awakening of the Giant, and if possible, and as long as possible, to keep him awake, and then all goes well.

Rhode Island Election.—In all but three towns the vote for Governor stands—Hoppin (whig and K. N.) 10,466; Potter (dem.) 2304.

For Lt. Governor, Rose, K. N. 8775; Reynolds whig, [illegible]; Littlefield, dem. 2274.

For Congress, Eastern District—Durfee, K. N. and whig, 5554; Davis, dem. 1566; scattering, 109. Western District—Thurston, K. N. and dem. 4359; scattering, 605.

Board of School Commissioners.—*The Wisconsin* corrects its blunders in regard to Judge Jenkins, but clings, of course, to its misrepresentation about the editor of the *Sentinel*; and by way of showing its "personal regard" for us and great love of "verity," adds that we did'nt decline till "after it was *manifest* that we could not be elected." It is hardly necessary to say that this, like the *Wisconsin's* first statement, is manufactured out of whole cloth. The *Wisconsin* accompanies the fabrication with profuse expressions of its "friendly feelings" for us, and its intense desire to tell nothing but the strict truth; but unluckily confutes and confounds its precepts by its practice.

ANNUAL REPORT
—OF THE—

COMMERCE, MANUFACTURES, AND PUBLIC IMPROVEMENTS OF MILWAUKEE,

For the year - - - - - - - - - - 1855.

NOTICE.

At a meeting of the Milwaukee Board of Trade, the undersigned were chosen as a committee to collect and report the commercial statistics of the city. The committee reported the statistics on Saturday 31st of March, when the Board voted to re-commit the Report to the committee, with instructions to compile it and procure 1,000 copies printed in pamphlet form. The duties assigned us have been performed, and we present the following Report as the result of our labors, with the hope that this being the first regular and thorough Report of the kind, its want of greater detail will be overlooked.

R. H. STRONG.
W. B. ALVORD.
L. L. LEE.

CITY OF MILWAUKEE.

The city of Milwaukee, which now ranks among the important and influential cities of the United States, is of recent origin, even as a village not extending back twenty years. The city is located on the best port on Lake Michigan, the river being navigable for the largest craft.—It always has been, as it must ever continue, the great commercial emporium of the fertile State of Wisconsin. Milwaukee was first laid out as a village, in 1835; in 1838 the population was 700; in 1840, 1,751; in 1842, 2,700; in 1847, 14,061.—in 1850, 20,061. At the present time it has 40,000 permanent inhabitants. The location of the city is among the most lovely in the world, combining remarkable commercial and geographical advantages, with health and beauty. During the rage of cholera, in other parts of the Union, and in other Lake cities last summer, Milwaukee was entirely exempt from it, none occurring except cases from infected parts of the country. We are also exempt from all those fevers, so much the dread of eastern men, So generally is Milwaukee noted for its health, that any repetition of its attractions in this respect is entirely unnecessary in a publication of this character.

Monetary Affairs of the Past Year.

As money is the life-blood of an active business, it is essential to add a few remarks relative to the moneyed facilities of our business men. These have been more liberal than in previous years, but by no means commensurate with our wants. The very high prices of produce demand more than the usual amount of currency to do the same business. This has been felt in all departments of trade. Business moved on with considerable ease until the autumn panic in *Indiana* currency, which led to a general panic in moneyed matters. That has gradually passed away, and the price of produce has continued to rise, as money matters became easier at the East. *Our great want* is more Banking capital. Only $725,000 is employed in this city for that purpose, as follows:

	Capital
Wisconsin Marine & Fire Ins Co, Bank,	$100,000
State Bank of Wisconsin,	250,000
Exchange Bank of W. J. Bell & Co.,	50,000
Bank of Commerce,	100,000
Farmer's & Miller's Bank,	100,000
Cormania Bank, (closed)	25,000
Bank of Milwaukee,	100,000
People's Bank,	25,000

Our business really requires $3,000,000. Our Banking capital is slowly enlarging, and we venture to say that there is not a more favorable location in the Union to enter upon Banking than Milwaukee at the *present time affords*. *Our law* is confessedly the best in the Union, and there are good customers here for as large banking facilities as are given to Troy or Albany or Hartford. Banking paper here is not accommodation notes, but based upon *actual* produce transactions—which brings the paper within the *strict rule of commercial* Banking, and discounting such paper, a Bank with ordinary good management, cannot fail. But we also need Banks that can discount manufacturers' paper—similar to many institutions in New England, and which have been the means of adding so largely to the industrial activity that has converted the water-power on its mountain streams into engines of productive industry.

IMPORTS AND EXPORTS.

A casual glance at the tables of Imports and Exports would seem to indicate that the balance of trade was against our city,—and that we must *send forward money* to make up the deficiency, but a more careful analysis of the tables which your committee present show that is not true.—In the items of Horses, Cattle, Sheep and Barrels bulk of which we have returned several *hundred* thousand dollars as imports, a great portion is in fact an addition of so much to our capital, instead of having to be paid for out of our exports.

We have the Iron and rolling stock of our Railroads charged to our exports, which does not legitimately belong to the city trade to wholly pay *for*. There are also several hundred thousand dollars worth of Iron in material—brought to our city, manufactured into useful articles, and then exported; thus really coming under the head of exports, to be set against the imports of raw material—giving the city the profit upon the labor and manufacture.

Again, the lumber merchants of the pineries send the most of their supplies of salt, sugar, flour, coffee, clothing, &c., from this city, making a large amount of actual exports that does not appear in the tables as compiled by your committee. The exports of the pineries go down the Rivers, and are shipped East and South, without appearing *in the exports of* Milwaukee. This, in itself, accounts for a large difference between imports and exports.

In preparing the above tables of Manufactures, the Committee have taken the actual figures of the branches of business enumerated, when they could be obtained, and whenever estimates have been necessary they have given a figure that is *within* the actual amount, rather desiring to make a correct and reliable statement, than to publish a high sounding and false show. Under the head of "Miscellaneous," we are confident that our figures do not reach the amount which might be put against it, for there are innumerable small establishments, manufacturing from $5,000 to $15,000 worth of articles of various characters, which it is next to impossible to ascertain, except by estimate. That our manufacturing interests are rapidly on the increase, is beyond a doubt. This increase is healthy and permanent. There are in contemplation enlargements to our Locomotive Works, Boiler Factories, Planing Mills, Furniture establishments, &c., &.

We introduce here the table of the Manufactures, as obtained by this Board in March 1853, as a data for comparison:

RAILROAD SYSTEM.

The Railroads completed and in contemplation, centering at this point, form one of the most advantageous and important systems of commercial intercourse in the whole country. The Lake Shore Road, traversing the shore of Lake Michigan, and bringing in close connection the thriving cities upon it. The Milwaukee and Mississippi Road, penetrating the South-west and West of the State, to Mississippi River, is invaluable for the resources which it develops and turns to our trade. The Watertown Road, running directly West, opens up to the trade of the city another portion of the rich valley of the Rock River, and its important water power and lumber wealth. The La Crosse Road, running North-west to the Mississippi River, passes through another wealthy portion of the State, and cannot fail to swell the commercial wealth of Milwaukee to an immense extent. Then we have the contemplated Air Line Road to Fond du Lac and Lake Superior, and several others whose state of progress does not require a notice at the present time. Beside the roads mentioned as immediately affecting the interests of Milwaukee, there are several projected roads, running through the central portion of the State, which will serve to develope its resources and enhance the business of its commercial capital.

MILWAUKEE & MISSISSIPPI R. R.

During five months of the year 185[illegible], there were 80 miles of the main line of this road, and the *Janesville Branch*, in operation; and during the seven remaining months, the whole length to Madison, 95 miles, and also the Branch, were in operation.

The gross receipts of this road for the year 1854 were $465 051 19; from which deduct $8,186 41, charged on construction account leaves $456,864 78 actually earned from the transportation of passengers and freight. The running expenses, as stated in the report of the Directors, are $149,252 37, leaving for net earnings the handsome sum of $307,612 41, which is equal to more than *twelve per cent.* upon the entire cost of the main line to Madison, the Janesville branch, all the equipments, and all the depot buildings and grounds.

The above facts illustrate two important considerations, especially when we keep in mind the fact, that this sum is derived wholly from a local business—the one is, that the country thro' which the road passes, has unsurpassed *capabilities of production—and the other, that* the road when through to the Mississippi river, will not only be one of the best paying roads, but it will pour into this city an amount of business which cannot well be overestimated. Indeed, with the M. & M. Railroad completed, as it is now confidently believed that it will be, in about 2 years from the present time, to the Mississippi river, at Prairie du Chien—and the Southern Wisconsin road completed from Janesville to Dubuque, of which there is equally as strong a probability, the quantity of agricultural and mineral products which will then be brought to this market, will not be surpassed by any point upon the Lakes. So also in reference to merchandize; we are equally confident that it will not be surpassed by any point on the Lakes, when we take into consideration the vast area of our own State that must *receive its supplies from Milwaukee, and especially* when we add also, the supplies which must find their way from this point to a large portion of Iowa, the whole of Minnesota, and the upper Mississippi country.

For instance, freight from Buffalo, by way of the Lakes, going to Northern Iowa, Minnesota, and the *Upper Mississippi country*, could be taken over the Milwaukee and Mississippi road to Prairie du Chien, as soon as they could be landed by water at Chicago. As an illustration, compare the distances. From Milwaukee to Chicago by Lake, 90 miles, from Chicago to Dubuque, by the Galena road, 186 miles; and from Dubuque to Prairie du Chien, by the Mississippi river, about 90 miles—making in all 346 miles. Now from Milwaukee to Prairie du Chien, by the M. & M. Railroad, is 190 miles—making a difference in favor of this route of 156 miles. So much for the advantage of our position during the season of navigation; but when that is closed there will be no chance of competition whatever.

EDWARD H. BRODHEAD, Engineer.

MILWAUKEE & WATERTOWN R. R.

This road was opened for business to Oconomowoc, a distance of thirty-two miles from Milwaukee, on the 14th day of December, 1854.—The gross receipts from that day to the first of April, have been as follows: For passengers, $5,578 31; for freight, $11,909 37; making a total of $17,487 68. This *result*, when we take into account the season of the year, and the fact that there is a Plank Road by the side of the Railroad for the whole distance, is entirely satisfactory, and gives an earnest of what the road will do when in operation to Watertown, to which point it will be completed by the first of August next.

I regard this road as one of the best leading out of Milwaukee, and have no hesitation in saying that if the road were to-day, in operation to Watertown, the receipts would be from $10,000 to $12,000 per month.

EDWARD H. BRODHEAD, Engineer.

The La Crosse and Milwaukee R. R.

Your committee are informed by the Directors and Officers of this road, that it is making very satisfactory progress, and such as affords the strongest assurance that it will be completed to Horicon (the point where it crosses Rock River) and in operation, by the first of September next—being a distance of *fifty one* miles from Milwaukee, or a little more than one quarter of the whole line to the Mississippi—the whole distance being *one hundred and ninety-six miles*. We can not better describe this branch of our improvements, than by giving the following extracts from a published statement, by Mr. Kilbourn, as special agent of the La C. & Mil. Co., showing the merits of the work, and the designs and expectations of the Company:

"This company has been organized under a special charter, authorizing the construction of a Railroad from Lake Michigan, at the City of Milwaukee, to the Mississippi River, at the village of La Crosse. The design of the Company is to secure its extension westward from the latter point, *through Minnesota*, touching the St. Peters River, at its southerly bend, and thence to the Missouri River; thereby commanding the business of all that fine portion of southern Minnesota, extending from the Mississippi to the Missouri River—a distance of some four hundred miles—in which tract of country no other road can ever be so constructed as to enter into competition, as will be evident from a glance at the map of the country. This line of road, together with the other appendant roads, now in progress, serving as branches to it, will concentrate upon Milwaukee, the business of a larger extent, and finer region of country, that can be commanded at any one point, by any one road, west of the principal cities on the seaboard.

"To illustrate this proposition, let us refer to the map of the State.

"Diverging from the main trunk line, there are three lines of Railroads, authorized by special acts of the Legislature, viz.

"1st. The Milwaukee, Fond du Lac and Green Bay Railroad Company, which was duly organized, and commenced operation as a separate organization; but its interests being so closely identified with the La C. & M. R. R., it was deemed advisable to consolidate them, which was accordingly done. The Fond du Lac road thereby becomes a branch of the La Crosse road, running nearly in a right line from Fond du Lac and Oshkosh, on the western shore of Lake Winnebago, and commanding the valley of the Wolf River, which *is one of the most productive and interesting regions of the State.*

"2d. The next important auxiliary to the La Crosse road, is the Horicon Railroad, which diverges at Horicon, on Rock River, and extends by way of the villages of Waupun, Ripon and Berlin on Fox River, to Stevens' Point, on the Wisconsin River, *some fifty miles above* Portage City. The Horicon company is in the full tide of successful operation, having put their line under contract as far as Berlin, some forty-two miles, with a fair prospect of its completion by next fall. "This road passes through a beautiful agricultural country, and will pour a flood of business on to the La Crosse road, at their junction.

"3d. The third important auxiliary to the La Crosse road will be the Fox Lake and St. Croix *Railroad*, which *diverges at Waushara*, on Fox Lake, 70 miles from Milwaukee, and extends through that broad expanse of fine country, watered by the Yellow River, of Wisconsin, Black and Chippewa Rivers, of Mississippi, and Willow River, of St. Croix. This country is surpassed by none in Western America, and will of itself give a railroad passing through it a business which will make it one of the best roads in the country. This road will bring to the La Crosse road an immense accession of business, even though *it should never be extended beyond* St. Croix. Thus it will be seen that a main trunk road, with its appendent system of roads, could not be better devised for commanding the business of such a large extent of country. No railroad can be constructed north of this, which will operate as a rival for the business of any considerable *portion of the northern part of* the State, or which can divert any important part of that business from the La Crosse road, and from Milwaukee, as the natural commercial emporium of that region. Other roads may, and perhaps will be extended from other points, on Lake Michigan, north of Milwaukee, towards the west; but their *range of business must* necessarily be limited; and they would operate more as feeders to the above described roads, than as rivals to divert the business from Milwaukee.

"But when we survey the vast field beyond the almost boundless West and North-west, we are lost in the magnitude of our subject and would *no more attempt* to define and estimate in detail, the amount of business which, from that great country, must in a very few years flow over the lines of these roads, than we would attempt to define and make apparent to the senses, a just idea of the myriad drops of water contained in the ocean. None, except such as have travelled over that broad West, can form the least idea of its immense resources. The export trade of this city, as exhibited in the foregoing statement, though large at the present time, would be relatively small, as compared with that which must immediately take place on the extension of railroad improvements to those regions.

"The accumulated business of the several roads in this connection, together with the accession from the south-western portions of the State, and the *northern* parts of Illinois and Iowa, which will be received over the Watertown, Mississippi and Southern Wisconsin roads, will therefore concentrate on Milwaukee, an amount of business beyond present computation, even tho' no road should be extended beyond the present limits of the State, into any part of the great country beyond the Mississippi. This vast commerce, and the large tide of travel which must necessarily flow along with it, will naturally find its way to the markets of the world, by a direct communication *across Lake Michigan*, and by way of the railroads through the State of Michigan, Canada and New York, to the seaboard."

THE LAKE SHORE RAILROAD.

The Green Bay, Milwaukee and Chicago Railroad Company commenced the construction of the road between the city of Milwaukee and the state line between Wisconsin and Illinois, in August, 1853, since which time the work has steadily progressed, and it is the intention to open the road for the conveyance of passengers and freight by the 1st day of May next. Messrs. Bishop & Co., contractors, have urged forward the work more rapidly than could be expected under the unfavorable state of the monetary affairs of the country. The extreme severity of the winter has prevented the rapid prosecution of the work of laying track, otherwise the road would now be open. The equipments are 4 locomotives, 8 passenger cars, 35 freight cars of the best finish and most perfect patterns, and it is the design of the Company to make it a first class road in every respect, in order to accommodate the large amount of passenger business that will inevitably pass over this line. It is estimated that a population of 200,000 are directly and indirectly dependent upon the construction of a road 49 miles in length.—This road connects at the State line with the Chicago & Milwaukee Railroad. Messrs. Stone & Witt, the energetic contractors of that road, have opened the line to Waukegan, and in a few days will have the track to the state line.

A. G. LELAND, Secretary.

NEWSPAPERS AND PRINTING.

The city of Milwaukee is not behind in this branch of enterprise. There are now published, seven Daily newspapers—four English and three German—with an aggregate circulation of 6,000 copies. There are also published nine Weekly newspapers, with an aggregate circulation of 15,000 *copies*. Also five Tri-weeklies, with an aggregate circulation of 2,500. Besides these establishments, three of which use steam presses, there are several Book and Job Printing offices, of considerable importance, making a mechanical trade of upwards of $100,000 per annum.

FLOURING MILLS.

We have in the City of Milwaukee five Flouring Mills, running an aggregate of 16 run of stone, and manufacturing 130,000 barrels of flour annually. The flour of the past year is worth $910,000. This is done entirely unassisted by steam, and does not use the whole hydraulic power *of our River*. These mills are a great source of wealth and convenience to our city—wealth, for the large amount of flour that they export, and convenience, for supplying our market with a superior article for domestic *use*. For the purposes of power, the Milwaukee River privilege is in value only secondary to its navigation.

BRICK MAKING.

This important branch of business is so closely connected with the growth, permanency and beauty of the city, and inasmuch as our city is styled the "City of Bricks," a report upon its commerce and manufactures would seem to be *incomplete, if your committee should neglect* to speak particularly of it. By a reference to the table of manufactures, it will be seen that there are 15,000,000 of Brick annually manufactured in the city, a large portion of these are the celebrated steam pressed brick, and of the beautiful and unrivalled light-color, so much the pride of our city. No place in the world has a more elegant building material, or in more abundant quantities. It is also becoming an article of export, as its great beauty and durability become known at less favored points.

IRON FOUNDRIES.

As soon as the La Crosse Railroad shall have been completed to Dodge County, where it will reach a rich Iron region of the State, this interest will be of incalculable importance. Several smelting furnaces are in operation in that county, and as soon as railroad facilities are completed, their number can be increased to an indefinite extent.

The Southern Wisconsin Railroad will be built to the lead region of Iowa and Green Counties, and will pour in upon us a stream of that valuable metal which now seeks a market at St. Louis, down the Mississippi River. Thousands of dollars could be profitably invested in the manufacture of lead pipe, block tin pumps, and shot, as well as various other articles in which lead is used as a principal ingredient. This, we anticipate, will be done, and eventually become a considerable addition to the manufacture and commerce of our city.

In a French caricature of a Parisian cockney out for a day's shooting, a bird has perched upon the barrel of his fowling piece. Holding the gun at arm's length, our Nimrod searches through the index of his sporting guide, and then replaces it in his pocket, with the words, "Eventuality unprovided for by the *Sportsman's Manual.*"

JUDICIAL ELECTION.

RESULT AS FAR AS ASCERTAINED.

We subjoin a table of reported results in the different counties in the state, as far as returns have come to hand. We give the majorities in round numbers, though they will not differ materially from the official results:

Cole 3550 ahead. The Madison *Democrat* concedes his election by "a majority of from 5000 to 8000 votes." Enough said.

Brown County.—The city of Green Bay elects Frank Desnoyers, *Mayor*, J. H. Howe, Superintendent, J. S. Baker, Assessor, C. H. Kies, Justice, and gives 17 majority for Crawford. Depere gives Crawford 41 majority, and Howard gives him 78 majority. The county will probably be 300 for Crawford.

Dane County.—In 22 towns, Crawford has 207 majority over Cole. The remaining towns are quite as likely to diminish as to increase that majority.

Lafayette County.—The vote of Shullsburg was 176 for Cole, 100 for Crawford. Monticello gives Cole 40, Crawford none. The county has probably given Cole a small majority.

Manitowoc County.—In the town of Manitowoc, the People's ticket was elected over the "democratic." Mr. Bennet receiving 199 votes for Chairman of the Board, and Mr. Bach, 121. Mr. Aldrich is the chairman elect from Two Rivers. The County gives about 400 majority for Crawford. A correspondent writes:

"So far as I have heard, Mr. *Crawford* has majorities in all the towns except Manitowoc Rapids. Mr. Gorsline has all the votes for Circuit "Judge. The People's ticket is elected in this "town and Two Rivers. Maple Grove elects a "Republican chairman.

Racine.—Racine City, at the recent charter election, elected George Wustum, Mayor, by *six* majority over Gilbert Knapp—the vote being 538 for Wustum, to 542 for Knapp. D. McDonald was elected Justice, John Roberts, treasurer, John Faucher, Marshal, and R. W. Rowe, Clerk. Mr. M. P. Kinney, for Superintendent, and M. M. Strong, for R. R. Commissioner, had no opposition. For Supreme Court, Cole received 575 votes, Crawford 495. The County, *according to the Democrat*, gives 800 majority for Cole.

The Verdict of "Little Green."

Sentinel Office, Monroe Wis.,
April 6, 1855.

Messrs. Editors:—Nine towns heard from, give Cole 757 majority. *Old Green is good for* 1000.

Stout & Tenney.

Row at the Ten Mile House.—A row occurred at the Ten Mile House, on the Green Bay *road, at which the landlord and his family* were beaten by the assailants, who were from a house nearly opposite.

Body of a Man Found.—The body of a man who had evidently been murdered, was found on the Lake shore about a mile north of the Racine Light House, on Saturday. The man's throat was cut, his skull fractured in one or two places and holes were found in his body, supposed to have been made by bullets. He had light hair, small hands and feet—was from 5 ft. 7 in. to 5 ft. 9 inches in height. The body was entirely naked. It was at first thought that this was the body of the missing man Carroll, but the officers here assert that it bears no resemblance to him, as Carroll had black hair, &c.

Kansas Election.

A telegraphic dispatch received yesterday from Kansas, says:

A majority of pro-slavery members in each house of the Legislature of Kansas have received certificates of their election. Gov. Reeder, it is *said, recognizes* the right of the Legislature to decide cases of contested election. The Governor leaves in a few days for Washington.—[St. Louis Republican April 7.

Arrival of the Sloop-of-War Portsmouth.

New York, April 6.

The Sloop-of-War Portsmouth has arrived at this port, after a four years' cruise, "all well."—She encountered terrific gales in the Gulf, on the second inst.

The Brig Perry returned, Leaking.

Philadelphia, April 6.

The brig Perry has returned in a leaking condition, having encountered a severe gale; so that the officers who went on her in pursuit of Baker are back again.

The Governor's Reasons—The Second Veto.

In the Veto of the first Prohibitory Liquor Bill passed, the reasons assigned were that the bill prohibited the manufacture, while permitting the sale of Liquor. Whoever reads carefully the bill, will see that there is no prohibition of the manufacture for lawful purposes. The wine, beer and cider amendment is objected to as inconsistent with the object of the bill, and "as *rendering* it liable to the suspicion of being the means for attaining other ends than those proposed!" We were no friends of this amendment, though it was considered as necessary to the enforcement of the act, and was so carefully guarded as to give no reasons for vetoing the bill. The other objection was to the section authorizing the confinement of drunkards until they were willing to reveal where they obtained their liquor. This, though it has stood the test of law in the Eastern States, the Gov. thinks "very dangerous to individual liberty!"

In the second veto the Governor repeats what are facetiously called the constitutional objections to the second bill, from which everything objected to in the first bill, had been excluded, and cannot approve of the bill because of the sections providing for search and seizure, for *forfeiture of liquors kept contrary to law* and their destruction if impure, and declaring that no action shall be maintained for the recovery or possession of any liquor not kept according to the provisions of the law. All of which principles have been declared constitutional by the highest legal tribunals of the land.

We wish those who voted for Governor Barstow at the same time that they voted "Prohibitory Law, Yes," much joy of a Governor who "deplores the evils of intemperance as deeply as the most fervent advocate of Temperance," but vetoes all Prohibitory Laws.—[Platteville (Grant Co.) American.

Serenade.—We learn that a large body of our German citizens gave last evening a complimentary serenade to Hon. James Bennet, who has just returned from Madison.

Mr. B. acknowledged the complement in an appropriate speech and the crowd then moved to the residence of Mr C. Esslinger the President elect of the village, who also responded in a manner both appropriate and gratifying. Over 150 were present. With the spirit of liberality which we design shall hereafter as heretofore characterise our political course, we are induced to admit that the compliment was not inappropriate.—Manitowoc Tribune, (Dem.)

The Water-Cure.—The work upon this establishment is going forward finely. The outside is already painted, and the walls are plastering. It will be ready for occupation in June.—[Madison Journal.

One of the Storms.—Our Lake Superior correspondent tells a story of a storm up there which gave them snow to the depth of *fifteen feet* on a level, and asks if we saw anything of it. No we didn't.—Green Bay Advocate.

REVIEW OF THE MARKETS,

FOR THE WEEK ENDING APRIL 10th

OFFICE OF THE DAILY SENTINEL,
Milwaukee, April 10, 1855.

Received by M. & M. Railroad, April 7th—19 bbls flour, 1482 bus wheat, 645 do potatoes, 21 do grass seed, 60 do beans, 100 doz brooms, 33 bbls pork, 4 do lard, 4 hogs, 2 kegs butter, 905 lbs hides.

By M. & W. R. R. 7th—127 bbls flour, 219 bus wheat 176 do potatoes, 2009 lbs flax, 16 bus barley, 67 bus rye.

Received by railroad during the week past:—1521 bbls, 167 sacks flour, 10,331 bus wheat, 6450 do potatoes, 264 do corn, 261 do barley, 126 do grass seed, 341 do rye, 422 do oats, 104 do beans, 2000 lbs flax, 100 doz brooms, 2425 lbs hides, 3870 lbs tobacco, 38 bbls pork, 167 hams and shoulders.

We are obliged to limit our remarks this week, owing to the space occupied by the Annual Business Report. The market has gradually stiffened, and the amount of produce coming in, which has not been large, has been readily taken at advancing rates.

Flour—not much change. We notice a sale yesterday of 1000 bbls superior No 1 at $7,25.

Wheat—is active and prices are a trifle better than last week. Sales are made in the street and at the depot at the figures in our table. We note sales yesterday of 7000 bus superior white winter, at 1,75, (the best lot of wheat and highest price ever paid in our city), and 22,000 bus mixed, free on board, at 1,47. Other negotiations are on foot, but not closed

Other grains as in our table. Corn has advanced noticeably, and we quote a sale of 12,000 bus, free on board 15th of May, at 60.

Potatoes are in active demand at 1,00@1,12½, and advancing, being wanted both for home use and exportation. Some 5000 bushels have already been shipped to the southward, and the scarcity is such that the large surplus of this state will find ready purchasers at high prices. They retail at about $1,25.

We hear nothing as yet from the Straits, and it is doubtful whether vessels can get through before the 1st of May, so that the fall tide of spring business will set in late.

Holloway's Pills, a certain cure for derangements of the Stomach and Bowels, Liver Complaints, Loss of Appetite and Bilious Disorders.—These Pills have a wonderful effect upon a disorganized system, acting immediately upon the fluids, thus the most impure blood becomes totally changed. Persons who use them for a few weeks cannot fail to meet with a cure of any of the above-cited and those who may be unfortunately affected with disagreeable or offensive breath, cannot do better than heal themselves of these invaluable Pills.

We Have Heard of it Every Where.—The reputation of Dr. A. L. Adams' Liver Balsam for doing what it promises to do, and the wonderful cures which it has effected are so great, the people everywhere are as conversant with the good qualities of this Medicine as with "Household Words."

It does not become necessary to keep the public advised of this Medicine through the channel of the Press, as other Compounds are.—From its first introduction those individuals who have used it become living advertisements for it. If this should be noticed by the readers who is afflicted with any disease which this Medicine proposes to cure and is anxious to be restored to good health, our advice is get a bottle of Dr. A. L. Adams' Liver Balsam, take it and live. See testimonials in this paper.

VLOUME XI. MILWAUKEE DAILY SENTINEL. NEW SERIES.

THE DAILY SENTINEL.

CITY MATTERS.

☞ **Remember Lowell's Lecture at Young's Hall to-night.**

POLICE COURT.--April 9.

BEFORE CLINTON WALWORTH, ESQ., POLICE JUSTICE

A warrant was issued against Thomas Burdick, charging him with burglary with intent to commit larceny, in the dwelling house of James Dolphin, on the 5th of April.

A warrant was issued against Peter Zihn, for assault and battery upon Monica Zihn, on the 9th of April.

A man was arrested late on Saturday evening by the bridge tender at Walker's Point Bridge, for driving faster than a walk on that bridge.—As it was too late to bring the man to the Police Office, Alderman Mitchell received the fine of two dollars, at the request of the man, and paid it to the Police Justice this morning.

Board of Trade.—At their meeting on Saturday the Board of Trade directed the publication of 3000 copies, in English and German, of the Report of the Committee on Statistics; and resolved, henceforth, to open their Rooms daily. Mr. Newhall, from the Committee to collect $3000 for the St. Clair Flats Improvement Fund, reported that the Committee had raised $2400, and asked further time—which was granted.

The rooms of the Board are in Furlong's Block, corner of East Water and Huron streets, and are now open daily. Twelve o'clock, we believe, is the hour for assembling.

North Presbyterian Church. The sale of pews in this new and convenient edifice, as far as it progressed, yesterday, was very successful, 43 pews having been sold, at an advance of $360 over the appraisement. The sale continues to-day at 11 A. M., at the church. We are requested to say that many desirable seats are yet to be obtained, and the Trustees desire to close the sale this morning.

Bishop Kemper's Visitation.—On Good Friday, Bishop Kemper officiated in St. John's Church. On Saturday evening he preached in St. Paul's, the Rector baptizing five adults, preparatory to confirmation. On Easter morning, the Bishop preached in St. James, Church, and administered the rite of confirmation to one adult. In the evening the Bishop preached in St. Pauls', and administered the right of confirmation to twenty-two persons.

St. Paul's Parish.—The annual election for Wardens, Vestrymen, &c., of St. Paul's Parish, was held yesterday, and resulted in the choice of the following gentlemen:

Wardens—J. W. Medberry, Cyrus Hawley.
Vestrymen—L. Sexton, J. B. Martin, D. Ferguson, H. Ludington, H. Fess, Jr.
Delegates—B. McVicker, J. K. Bartlett, W. H Wright, E. Worthington.

St. James' Parish.—The following gentlemen were elected at the annual election held yesterday in St. James' Parish, for Wardens, Vestrymen and Delegates.

Wardens—J. B. Selby, Jr., Rob't Whitehead
Vestrymen—C. Comstock, A. Mitchell, Jas Rowland, I. A. Lapham, B. Traverse.
Delegates—Dr. Selby, C. Comstock, R. Chandler, R. Whitehead.

Barn Burned.—A barn belonging to Timothy McGrath, on the corner of Oregon Street in the Fifth Ward, was burned about one o'clock yesterday morning. A span of horses and a cow that were in the barn were also burned. No insurance; loss about $600.

Handsome Wheat, and Handsome Sale.—We saw yesterday,—after travelling over and between large piles of flour and pork in Newhall's warehouse, and climbing to the top of the 4th story, a bin of 7000 bushels being the handsomest lot of white winter wheat ever got together in this city. It sold yesterday at 175 per bushel, being the highest figure ever paid in this market, since we commenced to export.

Book Sale To Night.—Foster always creates an excitement when he comes, which he is pretty sure to do, *at least once a year*. Wall says that he is here, and we know that the books are ready *for sale to-night*. We looked for Foster's handsome face yesterday afternoon, but went away sorrowing. Doubtless he means to burst upon the public to-day, like a full moon.

"Where's the Beehive?"—Public curiosity was excited yesterday by this question, posted all over the city in staring letters. *Of course* every body asked his next neighbor where it was, and now *all the world* can know the precise location of the gilded domicil of those entomological drawers-out of linked sweetness, by just looking at the picture in our paper this morning.

Dry Goods.—Mack Bro's call their splendid new store the "Milwaukee Savings Store." It is a precious good joke, the idea being that the ladies (whom the saints preserve) are expected to *expend* all the *funds*, and save the *males* from wasting them. The rich new goods on sale *are* a *sore* temptation to womanhood.

Female Seminary—Fox Lake.—Attention of the numerous readers of the *Sentinel* in the central portion of the State is invited to the advertisement of the *Female Seminary* at Fox Lake, which, we believe is well deserving of the large patronage which it enjoys.

Ice.—If summer comes this year, our old friend and fellow citizen who deals in ice has made ready for him, by laying up many thousand cords of that necessary of life. See his advertisement. He is better prepared than ever before.

Crowded out.—We have done the best we could as to setting up the advertisements which came in yesterday, but have been obliged to leave over the favors of Messrs. Chandler and Jennings, and of the Ontario and Simcoe R. R. Co.

Instalments Wanted.—Subscribers to the stock of the Mil. & Miss. R. R. west of Madison will find a loud call upon them in to-days paper. Their prompt attention will oblige nobody more than themselves.

For Manitowoc and Two Rivers.—The *Superior* leaves this morning for the above ports, touching along shore. Enquire of J. Guiteau for passage.

☞ Lowther—painter,—skilful and ready, announces his location to our readers with the coming of Spring. Give him an early call, is good advice; take it.

U. S. District Court.—This Court commences a term to-day at 2 P. M. We learn that the docket is large, with many important cases.

☞ The *Pacific* leaves this morning for Manitowoc, Two Rivers, &c., from Kellogg & Strong's pier. "All aboard that going."

Iron by Railroad.—See notice in leaded column, of receipt of iron by J. Colgate, and selling quick.

Furniture.—Crampton's sale of household furniture is worth noting. He ought, however, to be compelled to provide a *house* for each lot of such articles.

Short Exchange.—An important notice by the banks and bankers in relation to the new mode of sight exchange will be found in our leaded columns to-day.

☞ The steamer Arctic arrived from Chicago yesterday afternoon with 160 passengers and 26 tons freight.

Furniture at Auction.—Good sells at the Crampton's auction rooms, this morning, a lot of second hand furniture; among the lot is a set of good mahogany chairs.

Farmers & Millers Bank.—See notice of election of Directors of this institution, May 1st.

Menomonee Locomotive Co.—See an important notice of this Company in another column.

NOTICE

TO THE STOCKHOLDERS OF THE MENOMONEE LOCOMOTIVE MANUFACTURING COMPANY

WHEREAS, by a resolution of the "Menomonee Locomotive Manufacturing Company," in Milwaukee, Wisconsin, passed on the fifteenth of November last, there was called in and required to be paid on each share of the Capital Stock of said Company, one instalment of twelve per cent., on the fifteenth day of December last; one instalment of ten per cent., on the fifteenth day of January last; and one instalment of five per cent., on the fifteenth day of February last.

And whereas, on the respective shares of stock hereinafter specified, the said instalments so called in and required to be paid as aforesaid have remained unpaid for more than thirty days since the same became due and payable agreeably to such requisitions and call of the Board aforesaid.

It is, therefore, resolved, That said respective shares of stock will, on the first day of May next, be absolutely forfeited to the use of the said Company, except such shares thereof upon which the instalments due thereon as aforesaid shall be paid previously to said day fixed as aforesaid for the forfeiture thereof.

It is further resolved, That the delinquent holders of said stock be notified of the forfeiture thereof by the publication of a copy of these resolutions for two weeks in the Milwaukee Sentinel newspaper, published in the city of Milwaukee.

March 27, 1855.

The stock liable to forfeiture as aforesaid is as follows, viz: Certificate of stock number 25, for 20 shares; number 23, for 10 shares; number 54, for 21 shares; number 44, for 20 shares; number 45 for 30 shares; number 53, for 100 shares.

Obituary.

Buffalo, April 9th.

At a meeting, held per telegraph, of the employees of the E. & M. Telegraph Co., the following preamble and resolutions were *unanimously* adopted:

Whereas, it has pleased *Divine Providence* to summon from our midst our brother operator, Mr. George B. Cheney, *of Chicago, therefore*

Resolved—That we deeply sympathize with the relatives of our deceased *brother*.

Resolved—That in him we have lost one, who by his faithfulness in the discharge of his duties, by his sincerity and good will had endeared himself in the memory of all.

Resolved—That the above resolutions be published in the daily papers of Milwaukee.

N. Hucker, Jr.,
and Jas. N. Hawn, Buffalo.

F. H. Tubbs, George D. Sheldon, Cleveland—J. L. Down, Sandusky—W. A. Beach, Charles O. Brigham, Toledo—C. E. Wendell, O. S. Jones, Detroit—J. S. Draper, R. Eason, A. H. Seymour Chicago—J. B. Stone, G. L. Beetle, Milwaukee.

New York Market---April 9.

Flour—demand improved *for common* and medium grades of western and state—market a shade firmer—sales 4,400 bbls, at 9,37a9,87 for common to straight and choice State; 9,87a10,25 for common to good Ohio, Mich., Ind. and Wis; 12,25a13 for extra Genesee. Canadian fair request—market firm—sales 700 bbls at 10,12a11,25.—Small sales rye flour at 6 50 for fine, and 7,25a7,62 for superfine.

Grain—transactions in wheat limited, and with falling in supply—prices advancing—sales 4,500 bush white southern, at 2 55. Rye limited supply—good distilling demand, and prices extend upwards; 1,40 was refused for prime southern. Barley scarcely so firm, 2,500 bush good 2 rowed Canadian sold at 1,33, with a good home demand and prices tend upwards; sales 27,000 bush at 1,06a1,08 for white mixed and yellow southern; included in sales are 11,000 bush handsome western and southern, *to arrive; supposed at* 1,09.—Oats less firm—sales at 62a66 for southern and Jersey.

Whiskey without important change—sales 900 bbls Ohio and Prison at 35.

Provisions—pork market opened heavy, but with a good demand, part speculative, and light receipts. It closed buoyant, with strong upward tendency—sales 7500 bbls closing at $17,50 for new mess, $15,50 for old do, $18,25 for clear, $14,62 for new prime. Included are 2000 bbls old mess delivered within sixty days at buyer's option, at $15 75 and 500 prime and new delivered in June at seller's option, at $16. Beef continues in fair demand—sales 80 bbls 9,50a$11 for country mess, and 6,62 for prime—14,75a15,25 for re-packed Chicago—sales 250 packages at 8¾a9c for hams, 7c for shoulders. Lard firm—sales 600 bbls at 9½a10c for ordinary to prime. Stocks lower and less active—money and exchange unchanged. New York Central sevens 100¾—M. S. R. R. 98.

New York, 9th.

Steamship *Union* for Southampton, took $296,000 in specie. The *Black Warrior*, for Havana, also took out $60,000 in specie.

The suit of Kiersted *vs* the People has been decided for the deft. on the ground that the State cannot be sued as an individual.

Baltimore, April 9.

1200 bbls Howard St. flour sold at $10,00, the highest for many years.

Boston, April 9.

The Senate has passed a resolution, but on voting No, that no foreigners shall be eligible to office.

Louisville, April 9.

The K. N.'s swept the city throughout, and the Anti-liquor party have a large majority.

Riot at Oxford N. Y.

Oxford, April 9.

A Catholic who has been married by a Protestant, was excommunicated therefor, went into the Catholic church yesterday. The priest ordered him to be put out. He resisted, and a fight ensued, which was adjourned to a hotel near by, where the Catholics came off second best. The priest and several others are in custody.—None killed, but several badly injured.

Steamboat Explosion—The Vienna Conference—Further by the Illinois.

Alton, Ill., April 9.

The steamboat *Reindeer* collapsed two flues ten miles below here, Saturday P. M. Two firemen were killed and another badly scalded; no other damage done.

New York, April 7

The London Morning Advertiser, of March 24 h: The day the Baltic sailed a despatch came from Vienna, stating that the conference had broken up on the question of dismantling Sebastopol.—It is thought to have been a hoax.

New York, April 6.

The mining news is favorable, although from the new Kern River diggings, it is getting to be rather contradictory—large amounts of gold dust were arriving from the interior. A monster nugget of gold weighing 300 pounds was reported to have been found at the diggings near Downieville.

The schooner Major *Tompkins* was wrecked on the 10th ult., on the south side of Esquimalt harbor, passengers and crew saved, vessel a total loss. A duel had been fought near San Francisco, between Col. Wm. Walker, and Mr. Carter.—Walker received a slight wound in the foot.

From Australia.

We learn that Mr. Catherwood, an American was about to explore the interior. The investigation into the late riot at Ballarat, had terminated. The charges against the government officers had been proved to be unfounded while the leaders of the dissatisfied miners were mere political rowdies. The gold licenses were however to be done away with. Business was very dull and markets well stocked.

New York, April 7.

A large meeting of merchants was held at the Exchange to-day, to express their sorrow at the death of Walter R. Jones, and their respect for his memory. Appropriate resolutions were passed, and it was determined to attend his funeral in a body. The Board of Underwriters met for the same object and passed similar resolutions.

New Orleans, April 4.

The steamer *Cahawba* arrived here to day, with Havana dates to the 1st inst. Cuban affairs were all quiet.

Later from Havana—Execution of Estrampes.

New York, April 6.

By an arrival at this port we have advices from Havana to 31st ult.

The execution of Estrampes took place on the 30th.

Consul Robertson, under instructions from Washington, demanded his trial under the provision of the treaty *with Spain*; but *no withstanding the protest*, he was tried by a military court and condemned, having confessed his design to secure the independence of the Island, and manifested the greatest indifference to his fate.

At his execution he tried to address the multitude, but the drums and trumpets were ordered to sound. His voice was heard above the din of the instruments, *shouting* "*liberty forever*, and death to all kings!"

The other prisoners were condemned to long imprisonment.

Another Execution.

New Orleans, April 4.

By the Cahawba we have the confirmation of the execution of Estrampes reported by the Fulton at Norfolk. He met his fate firmly and died with "Vive Liberty, death to all tyrants," upon his lips.

Know Nothing Victory.

Richmond, Va., April 5.

Both branches of the City Council, the Mayor and all the city officers, have been elected by the Know Nothings, *Joseph Mayor* is elected Mayor, by 1223 majority.

The New York Liquor Law Passed.

Albany, April 6.

The House has concurred in the Senate amendments to the liquor bill, and refused to reconsider the vote by 80 to 45. All the bill needs now to become a law, is the signature of the Governor.

The advantages offered by this Company are many, and the public are invited to call upon the Agent and make themselves acquainted with the System adopted by the Company, when they will be better able to decide whether Life Insurance is desirable or not, and at what Office it is their interest to insure.

The many reasons why Fire and Marine Insurance should be adopted, are incontrovertible; and Life Insurance, while it in no way interferes with, or undervalues these important institutions, has claims which no other system of insurance can have. Human existence must on consideration, enjoy a much higher estimate than worldly property.

While the representative of a family lives, (although, through neglect to insure his *property*, he becomes bankrupt,) he supports his family; but at his *death*, dies also their means of support, unless he has saved them from want by an insurance on his life, which may be done by the payment of a small annual premium, the payment of which has not diminished his own worldly comfort during life.

If young, the annual payment will be light, and if insured with profits, the policy will be constantly growing more valuable, though the *premium* is not increased.

Clergymen and others who have a stated and regular income, *should insure*, well knowing that, at their death their families may be left destitute.

Men engaged in mercantile or manufacturing pursuits ever varying and uncertain in their issues, *should insure*.

The farmer who has still a mortgage on his farm, *should insure, at least to the extent of it*, thereby enabling his family to pay off the debt in case of his death.

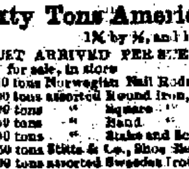
QUEEN'S PATENT



PORTABLE
FORGE
AND
BELLOWS!

THIS FORGE can be set where most convenient for light and room, and the smoke conducted to the Chimney by a Pipe.

There are six sizes of Blacksmiths, Coppersmiths, &c. Forges, and five sizes of Jewelers, Dentists and Chemists.

It is compact—the Twier Iron is of superior construction—heats the iron in the quickest manner—the wind escapes from the hot-air chamber through several holes in the Twier cap, which being under the fire, prevents the Twier from getting filled up with coal and ashes, as it will where there is but one opening. For out-door work and for safety in-doors, this Forge has great advantages over others, having two Slides by which the Forge can be closely shut up, and for safety and many purposes in-doors, (particularly for Jewelers, Dentists and for chemical operations,) all the fumes from charcoal and acids being conducted through the smoke pipe, or when open they are entirely out of the way; it is also so constructed that fire or water cannot injure the Bellows, which is in the cylinder under the fire bed.

It is the best Forge for Contractors on Railroads, Public Works, (for making repairs on the same,) and for emigration to new countries, ever offered to the public, and are successfully used by most of the steamers, and also by the U. S. Army and Navy. For sale by

RHODES' FEVER AND AGUE CURE,

OR,
NATURE'S INFALLIBLE SPECIFIC.

FOR the Prevention and Cure of Intermittent and Remittent Fevers, Fever and Ague, Chills and Fever, Dumb Ague, General Debility, Night Sweats, and all other forms of disease which have a common origin in Miasmata or Miasma. This subtle atmospheric poison which at certain seasons is unavoidably inhaled at every breath, is the same in character wherever it exists,—North, South, East or West,—and will everywhere yield to this newly discovered antidote, which is claimed to be the GREATEST DISCOVERY IN MEDICINE EVER MADE.

This specific is so harmless that it may be taken by persons of every age, sex or condition, and it will not substitute for one disease others still worse, as is too often the result in the treatment by Quinine, Mercury, Arsenic, and other poisonous or deleterious drugs, not a particle of any of which is admitted into this preparation.

The proprietor distinctly claims these extraordinary results from the use of this NATURAL ANTIDOTE TO MALARIA.

It will entirely protect any resident or traveler even in the most sickly or swampy localities, from any Ague or Bilious disease whatever, or any injury from constantly inhaling Malaria or Miasma.

It will instantly check the Ague in persons who have suffered any length of time, from one day to twenty years, so that they need never have ANOTHER CHILL, by continuing its use according to directions.

It will immediately relieve all distressing results of Bilious or Ague diseases, such as general debility, night sweats, &c. The patient at once begins to recover appetite and strength, and continues until a permanent and radical cure is effected.

Finally, its use will banish Fever and Ague from families and all classes. Farmers and all laboring men by adopting it as a preventative will be free from Ague or Bilious attacks in that season of the year which while it is the most sickly, is the most valuable one to them.

One or two bottles will answer for ordinary cases, some may require more.

Directions printed in German, French and Spanish, accompany each bottle.

Price One Dollar. Liberal discounts made to the trade. Trade circulars forwarded on application, and the articles will be consigned on liberal terms to responsible parties in every section of the country.

WISCONSIN SCHOOL LANDS AGAIN IN MARKET.

WE ARE NOW OFFERING FOR SALE, over One Hundred Thousand Acres of Wisconsin School Lands. These Lands were selected by Mr. H. D. HAMMOND, with special reference to their quality and location; and when we say that they embrace some of the best FARMING LANDS in the State, we speak from personal knowledge. They are located in the counties of
Calumet, Brown, Manitowoc, Sauk,
Bad Ax, Richland, Outagamie, Pierce,
St. Croix and Crawford.

To persons wishing to purchase for actual settlement, we are prepared to offer extraordinary inducements.

To those unacquainted with the fact, we would say, that one half of the purchase money can remain for thirty years, if desired, by paying seven per cent. interest.

Any information in relation to these Lands can be obtained by addressing MARK HAMMOND & CO.,

THE DAILY SENTINEL.

CITY MATTERS.

☞ **Remember Lowell's Lecture at Young's Hall to-night.**

POLICE COURT.---April 9.

BEFORE CLINTON WALWORTH, ESQ., POLICE JUSTICE

A warrant was issued against Thomas Burdick, charging him with burglary with intent to commit larceny, in the dwelling house of James Dolphin, on the 5th of April.

A warrant was issued against Peter Zihn, for assault and battery upon Monica Zihn, on the 9th of April.

A man was arrested late on Saturday evening by the bridge tender at Walker's Point Bridge, for driving faster than a walk on that bridge.—As it was too late to bring the man to the Police Office, Alderman Mitchell received the fine of two dollars, at the request of the man, and paid it to the Police Justice this morning.

BOARD OF TRADE.—At their meeting on Saturday the Board of Trade directed the publication of 3000 copies, in English and German, of the Report of the Committee on Statistics; and resolved, henceforth, to open their Rooms daily. Mr. NEWHALL, from the Committee to collect $3000 for the St. Clair Flats Improvement Fund, reported that the Committee had raised $2400, and asked further time—which was granted.

The rooms of the Board are in Furlong's Block, corner of East Water and Huron streets, and are now open daily. Twelve o'clock, we believe, is the hour for assembling.

NORTH PRESBYTERIAN CHURCH. The sale of pews in this new and convenient edifice, as far as it progressed, yesterday, was very successful, 43 pews having been sold, at an advance of $360 over the appraisement. The sale continues today at 11 A. M., at the church. We are requested to say that many desirable seats are yet to be obtained, and the Trustees desire to close the sale this morning.

BISHOP KEMPER'S VISITATION.—On Good Friday, Bishop Kemper officiated in St. John's Church. On Saturday evening he preached in St. Paul's, the Rector baptizing five adults, preparatory to confirmation. On Easter morning, the Bishop preached in St. James, Church, and administered the rite of confirmation to one adult. In the evening the Bishop preached in St. Paul's, and administered the right of confirmation to twenty-two persons.

ST. PAUL'S PARISH.—The annual election for Wardens, Vestrymen, &c., of St. Paul's Parish, was held yesterday, and resulted in the choice of the following gentlemen:

Wardens—J. W. Medberry, Cyrus Hawley.

Vestrymen—L. Sexton, J. B. Martin, D. Ferguson, H. Ludington, H. Fess, Jr.

Delegates—B. McVickar, J. K. Bartlett, W. H Wright, E. Worthington.

ST. JAMES' PARISH.—The following gentlemen were elected at the annual election held yesterday in St. James' Parish, for Wardens, Vestrymen and Delegates.

Wardens—J. B. Selby, Jr., Rob't Whitehead

Vestrymen—C. Comstock, A. Mitchell, Jas Kneeland, I. A. Lapham, B. Traverse.

Delegates—Dr. Selby, C. Comstock, R. Chandler, R. Whitehead.

BARN BURNED.—A barn belonging to Timothy McGrath, on the corner of Oregon Street in the Fifth Ward, was burned about one o'clock yesterday morning. A span of horses and a cow that were in the barn were also burned. No insurance; loss about $600.

HANDSOME WHEAT, AND HANDSOME SALE.—We saw yesterday,—after travelling over and between large piles of flour and pork in Newhall's warehouse, and climbing to the top of the 4th story, a bin of 7000 bushels being the handsomest lot of white winter wheat ever got together in this city. It sold yesterday at 175 per bushel, being the highest figure ever paid in this market, since we commenced to export.

BOOK SALE TO NIGHT.—FOSTER always creates an excitement when he comes, which he is pretty sure to do, at least once a year. WALL says that he is here, and we know that the books are ready for sale to-night. We looked for Foster's handsome face yesterday afternoon, but went away sorrowing. Doubtless he means to burst upon the public to-day, like a full moon.

"WHERE'S THE HIVE?"—Public curiosity was excited yesterday by this question, posted all over the city in staring letters. Of course everybody asked his next neighbor where it was, and now all the world can know the precise location of the gilded domicil of those entomological drawers-out of linked sweetness, by just looking at the picture in our paper this morning.

DRY GOODS.—MACK BRO'S call their splendid new store the "Milwaukee Savings Store." It is a precious good joke, the idea being that the ladies (whom the saints preserve) are expected to expend all the funds, and save the males from wasting them. The rich new goods on sale are a sore temptation to womanhood.

FEMALE SEMINARY—FOX LAKE.—Attention of the numerous readers of the *Sentinel* in the central portion of the State is invited to the advertisement of the *Female Seminary* at Fox Lake, which, we believe is well deserving of the large patronage which it enjoys.

ICE.—If summer comes this year, our old friend and fellow citizen who deals in ice has made ready for him, by laying up many thousand cords of that necessary of life. See his advertisement. He is better prepared than ever before.

CROWDED OUT.—We have done the best we could as to setting up the advertisements which came in yesterday, but have been obliged to leave over the favors of Messrs. CHANDLER AND JENNINGS, and of the Ontario and Simcoe R. R. Co.

INSTALMENTS WANTED.—Subscribers to the stock of the Mil. & Miss. R. R. west of Madison will find a loud call upon them in to-days paper. Their prompt attention will oblige nobody more than themselves.

FOR MANITOWOC AND TWO RIVERS.—The *Superior* leaves this morning for the above ports, touching along shore. Enquire of J. GRIFFIN for passage.

☞ LOWTHER—painter,—skillful and ready, announces his location to our readers with the coming of Spring. Give him an early call, is good advice; take it.

U. S. DISTRICT COURT.—This Court commences a term to-day at 2 P. M. We learn that the docket is large, with many important cases.

☞ The *Pacific* leaves this morning for Manitowoc, Two Rivers, &c., from Kellogg & Strong's pier. "All aboard that going."

IRON BY RAILROAD.—See notice in leaded columns, of receipt of iron by J. COLGATE, and selling quick.

FURNITURE.—Crampton's sale of household furniture is worth noting. He ought, however, to be compelled to provide a *house* for each lot of such articles.

SHORT EXCHANGE.—An important notice by the banks and bankers in relation to the new rates of sight exchange will be found in our leaded columns to-day.

☞ The steamer Arctic arrived from Chicago yesterday afternoon with 100 passengers and 25 tons freight.

FURNITURE AT AUCTION.—Good sells at the auction rooms, this morning, a lot of second hand furniture; among the lot is a set of good mahogany chairs.

FARMER'S & MILLER'S BANK.—See notice of election of Directors of this institution, May 1st.

MENOMONEE LOCOMOTIVE CO.—See an important notice of this Company in another column.

NOTICE

TO THE STOCKHOLDERS OF THE MENOMONEE LOCOMOTIVE MANUFACTURING COMPANY

WHEREAS, by a resolution of the "Menomonee Locomotive Manufacturing Company," in Milwaukee, Wisconsin, passed on the fifteenth of November last, there was called in and required to be paid on each share of the Capital Stock of said Company, one instalment of twelve per cent, on the fifteenth day of December last; one instalment of ten per cent., on the fifteenth day of January last; and one instalment of five per cent., on the fifteenth day of February last.

And whereas, on the respective shares of stock hereinafter specified, the said instalments so called in and required to be paid as aforesaid have remained unpaid for more than thirty days since the same became due and payable agreeably to such requisitions and call of the Board aforesaid.

It is, therefore, resolved, That said respective shares of stock will, on the first day of May next, be absolutely forfeited to the use of the said Company, except such shares thereof upon which the instalments due thereon as aforesaid shall be paid previously to said day fixed as aforesaid for the forfeiture thereof.

It is further resolved, That the delinquent holders of said stock be notified of the forfeiture thereof by the publication of a copy of these resolutions for two weeks in the Milwaukee Sentinel newspaper, published in the city of Milwaukee.

March 27, 1855.

The stock liable to forfeiture as aforesaid is as follows, viz: Certificate of stock number 25, for 20 shares; number 25, for 10 shares; number 54, for 21 shares; number 44, for 20 shares; number 45 for 30 shares; number 53, for 100 shares.

Obituary.

Buffalo, April 9th.

At a meeting, held per telegraph, of the employees of the E. & M. Telegraph Co., the following preamble and resolutions were *unanimously* adopted:

Whereas, it has pleased *Divine Providence* to summon from our midst our brother operator, Mr. GEORGE B. CHENEY, of *Chicago*, therefore

Resolved—That we deeply sympathize with the relatives of our deceased *brother*.

Resolved—That in him we have lost one, who by his faithfulness in the discharge of his duties, by his sincerity and good will had endeared himself in the memory of all.

Resolved—That the above resolutions be published in the daily papers of Milwaukee.

N. HUCKER, JR.,
and JAS. N. HAWN, Buffalo.

F. H. Tubbs, George D. Sheldon, Cleveland—J. L. Down, Sandusky—W. A. Beach, Charles O. Brigham, Toledo—C. E. Wendell, O. S. Jones, Detroit—J. S. Draper, R. Eason, A. H. Seymour Chicago—J. B. Stone, G. L. Beetle, Milwaukee.

New York Market---April 9.

Flour—demand improved for common and medium grades of western and state—market a shade firmer—sales 4,400 bbls, at 9,37a9,87 for common to straight and choice State; 9,87a10,25 for common to good Ohio, Mich., Ind. and Wis; 12,25a13 for extra Genesee. Canadian fair request—market firm—sales 700 bbls at 10,12a11,25.—Small sales rye flour at 6 50 for fine, and 7,25a7,62 for superfine.

Grain—transactions in wheat limited, and with falling in supply—prices advancing—sales 4,500 bush white southern, at 2 55. Rye limited supply—good distilling demand, and prices extend upwards; 1,40 was refused for prime southern. Barley scarcely so firm, 2,500 bush good 2 rowed Canadian sold at 1,33, with a good home demand and prices tend upwards; sales 27,000 bush at 1,06a1,08 for white mixed and yellow southern; included in sales are 11,000 bush handsome western and southern, *to arrive*; *supposed at* 1,09.—Oats less firm—sales at 62a66 for southern and Jersey.

Whiskey without important change—sales 900 bbls Ohio and Prison at 35.

Provisions—pork market opened heavy, but with a good demand, part speculative, and light receipts. It closed buoyant, with strong upward tendency—sales 7500 bbls closing at $17.50 for new mess, $15,50 for old do, $16,25 for clear, $14,62 for new prime. Included are 2000 bbls old mess delivered within sixty days at buyer's option, at $15 75 and 500 prime and new delivered in June at seller's option, at $16. Beef continues in fair demand—sales 80 bbls 9,50a$11 for country mess, and 6,62 for prime—14,75a15,25 for re-packed Chicago—sales 250 packages at 8⅝a9c for hams, 7c for shoulders. Lard firm—sales 600 bbls at 9½a10c for ordinary to prime. Stocks lower and less active—money and exchange unchanged. New York Central sevens 100⅜—M. S. R. R. 98.

New York, 9th.

Steamship *Union* for Southampton, took $296,000 in specie. The *Black Warrior*, for Havana, also took out $60,000 in specie.

The suit of Kiersted vs the People has been decided for the deft. on the ground that the State cannot be sued as an individual.

Baltimore, April 9.

1200 bbls Howard St. flour sold at $10,00, the highest for many years.

Boston, April 9.

The Senate has passed a resolution, but one voting No, that no foreigners shall be eligible to office.

Louisville, April 9.

The K. N.'s swept the city throughout, and the Anti-liquor party have a large majority.

Riot at Oxford N. Y.

Oxford, April 9,

A Catholic who has been married by a Protestant, was excommunicated therefor, went into the Catholic church yesterday. The priest ordered him to be put out. He resisted, and a fight ensued, which was adjourned to a hotel near by, where the Catholics came off second best. The priest and several others are in custody.—None killed, but several badly injured.

Steamboat Explosion—The Vienna Conference—Further by the Illinois.

Alton, Ill., April 9.

The steamboat *Reindeer* collapsed two flues ten miles below here, Saturday P. M. Two firemen were killed and another badly scalded; no other damage done.

New York, April 7

The London Morning Advertiser, of March 24 has: The day the Baltic sailed a despatch came from Vienna, stating that the conference had broken up on the question of dismantling Sebastopol—It is thought to have been a hoax.

New York, April 6.

The mining news is favorable, although from the new Kern River diggings, it is getting to be rather contradictory—large amounts of gold dust were arriving from the interior. A monster nugget of gold weighing 300 pounds was reported to have been found at the diggings near Downieville.

The schooner Major *Tompkins* was wrecked on the 10th ult., on the south side of Esquimalt harbor, passengers and crew saved, vessel a total loss. A duel had been fought near San Francisco between Col. Wm. Walker, and Mr. Carter.—Walker received a slight wound in the boot.

From Australia.

We learn that Mr. Catherwood, an American was about to explore the interior. The investigation into the late riot at Ballarat, had terminated. The charges against the government officers had been proved to be unfounded while the leaders of the dissatisfied miners were mere political rowdies. The gold licenses were however, to be done away with. Business was very dull and markets well stocked.

New York, April 7.

A large meeting of merchants was held at the Exchange to-day, to express their sorrow at the death of Walter R. Jones, and their respect for his memory. Appropriate resolutions were passed, and it was determined to attend his funeral in a body. The Board of Underwriters met for the same object and passed similar resolutions.

New Orleans, April 4,

The steamer *Cahawba* arrived here to-day, with Havana dates to the 1st inst. Cuban affairs were all quiet.

Later from Havana—Execution of Estrampes.

New York, April 6.

By an arrival at this port we have advices from Havana to 31st ult.

The execution of Estrampes took place on the 30th.

Consul Robertson, under instructions from Washington, demanded his trial under the provision of the treaty with Spain; but *no* withstanding the protest, he was tried by a military court and condemned, having confessed his design to secure the independence of the Island, and manifested the greatest indifference to his fate.

At his execution he tried to address the multitude, but the drums and trumpets were ordered to sound. His voice was heard above the din of the instruments, shouting "liberty foreve, and death to all kings!"

The other prisoners were condemned to long imprisonment.

Another Execution.

New Orleans, April 4.

By the Cahawba we have the confirmation of the execution of Estrampes reported by the Fulton at Norfolk. He met his fate firmly and died with "Vive Liberty, death to all tyrants," upon his lips.

Know Nothing Victory.

Richmond, Va., April 5.

Both branches of the City Council, the Mayor and all the city officers, have been elected by the Know Nothings. Joseph Mayor is elected Mayor, by 1223 majority.

The New York Liquor Law Passed.

Albany, April 6.

The House has concurred in the Senate amendments to the liquor bill, and refused to reconsider the vote by 80 to 45. All the bill needs now to become a law, is the signature of the Governor.

NATIONAL LOAN FUND

LIFE ASSURANCE SOCIETY,

CAPITAL, - - - - $2,500,000,

Guarantee Fund, $100,000, *Deposited with the Comptroller of the State of New York.*

The advantages offered by this Company are many, and the public are invited to call upon the Agent and make themselves acquainted with the System adopted by the Company, when they will be better able to decide whether Life Insurance is desirable or not, and at what Office it is their interest to insure.

The many reasons why Fire and Marine Insurance should be adopted, are incontrovertible; and Life Insurance, while it in no way interferes with, or undervalues these important institutions, has claims which no other system of insurance can have. *Human existence* must on consideration, enjoy a much higher estimation than worldly property.

While the representative of a family lives, (although, through neglect to insure his *property*, he becomes bankrupt,) he supports his family; but at his *death*, dies also their means of support, unless he has saved them from want by an insurance on his life, which may be done by the payment of a small annual premium, the payment of which has not diminished his own worldly comfort during life.

If young, the annual payment will be light, and if insured with profits, the policy will be constantly growing more valuable, though the *premium* is not increased.

Clergymen and others who have a stated and regular income, *should insure*, well knowing that, at their death their families may be left destitute.

Men engaged in mercantile or manufacturing pursuits ever varying and uncertain in their issues, *should insure*.

The farmer who has still a mortgage on his farm, *should insure*, at least to the extent of it, thereby enabling his family to pay off the debt in case of his death.

QUEEN'S PATENT

PORTABLE

FORGE

AND

BELLOWS!

THIS FORGE can be set where most convenient for light and room, and the smoke conducted to the Chimney by a Pipe.

There are six sizes of Blacksmiths, Coppersmiths, &c. Forges, and five sizes of Jewelers, Dentists and Chemists.

It is compact—the Twier Iron is of superior construction—heats the iron in the quickest manner—the wind escapes from the hot-air chamber through several holes in the Twier cap, which being under the fire, prevents the Twier from getting filled up with coal and ashes, as it will where there is but one opening. For out-door work and for safety in-doors, this Forge has great advantages over others, having two Slides by which the Forge can be closely shut up, and for safety and many purposes in-doors, (particularly for Jewelers, Dentists and for chemical operations,) all the fumes from charcoal and acids being conducted through the smoke pipe, or when open they are entirely out of the way; it is also so constructed that fire or water cannot injure the Bellows, which is in the cylinder under the fire bed.

It is the best Forge for Contractors on Railroads, Public Works, (for making repairs on the same,) and for emigration to new countries, ever offered to the public, and are successfully used by most of the steamers, and also by the U. S. Army and Navy. For sale by

RHODES'

FEVER AND AGUE CURE,

OR,

NATURE'S INFALLIBLE SPECIFIC.

FOR the Prevention and Cure of Intermittent and Remittent Fevers, Fever and Ague, Chills and Fever, Dumb Ague, General Debility, Night Sweats, and all other forms of disease which have a common origin in Malaria or Miasma. This subtle atmospheric poison which at certain seasons is unavoidably inhaled at every breath, is the same in character wherever it exists,—North, South, East or West,—and will everywhere yield to this newly discovered antidote, which is claimed to be the GREATEST DISCOVERY IN MEDICINE EVER MADE.

This specific is so harmless that it may be taken by persons of every age, sex or condition, and is will not substitute for one disease others still worse, as is too often the result in the treatment by Quinine, Mercury, Arsenic, and other poisonous or deleterious drugs, not a particle of any of which is admitted into this preparation.

The proprietor distinctly claims three extraordinary results from the use of this NATURAL ANTIDOTE TO MALARIA.

It will entirely protect any resident or traveler even in the most sickly or swampy localities, from any Ague or Billious disease whatever, or any injury from constantly inhaling Malaria or Miasma.

It will instantly check the Ague in persons who have suffered any length of time, from one day to twenty years, so that they need never have another chill, by continuing its use according to directions.

It will immediately relieve all distressing results of Billious or Ague diseases, such as general debility, night sweats, &c. The patient at once begins to recover appetite and strength, and continues until a permanent and radical cure is effected.

Finally, its use will banish Fever and Ague from families and all classes. Farmers and all laboring men by adopting it as a preventative will be free from Ague or Billious attacks in that season of the year which while it is the most sickly, is the most valuable one to them.

One or two bottles will answer for ordinary cases, some may require more.

Directions printed in German, French and Spanish, accompany each bottle.

Price One Dollar. Liberal discounts made to the trade.

Trade circulars forwarded on application, and the article will be consigned on liberal terms to responsible parties in every section of the country.

USE THE
Magic Impression Paper!
For Writing without Pen or Ink, Copying Leaves, Plants, Flowers, Pictures, Patterns for Embroideries, Marking Linen Indelibly, and
MANIFOLD WRITING.

THIS ARTICLE IS ABSOLUTELY THE BEST PORtable inkstand in the known world, for a small quantity folded and placed in the pocket constitutes a travelling inkstand which cannot be broken. No pen is needed, for any stick sharpened to a point, writes equally as well as the best gold pen in the universe. For drawing it is indispensable. It is, indeed, the whole art of Drawing and Painting—taught in one lesson. Any leaf, plant or flower can be transferred to the pages of an album with a minute and distinct resemblance of nature. With equal facility, pictures and embroidery patterns are taken, and have received the highest eulogiums from the fair sex; and, indeed, a more tasteful present for a lady could not be produced.

This Magic Paper will also mark Linen, or other articles, so as to remain perfectly indelible. All the washing in the world fails to bring it out. Any child can use it with perfect ease. With this Magic Paper, likewise, one or four copies of every letter written can be secured without any additional labor whatever, making it the cheapest article extant. It is used to great advantage by reporters of the public press, telegraphic operators and hosts of others.

Each package contains four different colors—Black, Blue, Green and Red, with full and printed instructions, for all to use, and will last sufficiently long to obtain Five Hundred distinct Impressions.

It is put up in beautifully enamelled, colored envelopes, with a truthful likeness of the Proprietor attached. Each and every package warranted.

Price—$2 a Dozen; or, Five for One Dollar. Single Packages, 25 Cents. Address, post-paid,
N. HUBBELL, 167 Broadway, N. Y.

Splendid Melodeons.
WE ARE IN RECEIPT OF AN INVOICE OF THE most splendid MELODEONS, which have been examined and tried by several good judges of the article, and pronounced the
BEST INSTRUMENTS
of the kind ever offered in the West. The tone and finish is perfect. We have one instrument with the power of a SMALL CHURCH ORGAN, and adequately suitable for that purpose.
These Melodeons are Warranted, and will be sold at less prices than are asked for much inferior instruments.

THE UNDERSIGNED WOULD RESPECTFULLY announce to the Public, that he has opened, on
Spring Street, Opposite the American House,
A NEW
PIANO FORTE WARE-ROOM!
Where he will keep on hand a good assortment of the celebrated
AMERICAN ACTION PIANO FORTES,
Manufactured by George Hews, of Boston, Mass.

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following:

From the illustrious Pianist, L. M. GOTTSCHALK, to Mr. Hews, Agent at New York:
NEW YORK, Dec. 5, 1853.
MR. N. J. CURTISS:—
Dear Sir: Having had the pleasure of performing upon Geo. Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Wareroom, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing, no doubt, to the perfection of the scales.
Very Respectfully, L. M. GOTTSCHALK

From the distinguished Pianist, WILLIAM MASON:
MR. HEWS:—Having repeatedly played upon the Piano Fortes manufactured by you, with the American Action, I am free to acknowledge, that for certainty and elasticity of action, power, purity and equality of tone, I have never seen them surpassed in the square Piano Forte.
WILLIAM MASON

Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments. The Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect.
Pianos to Let. Old Pianos taken in exchange, and liberal prices allowed.
Pianos Tuned and Repaired.

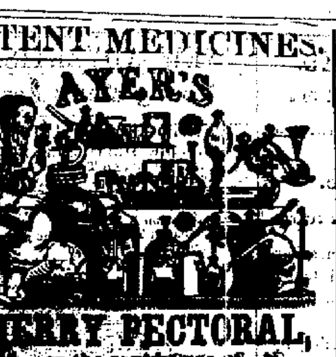
PATENT MEDICINES.

AYER'S



CHERRY PECTORAL,
For the rapid Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyments, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicines or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following, and refer further enquiry to my American Almanac, which the Agents below named, will always be pleased to furnish free, wherein are all particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R. R., S. C., Aug. 4, '53.
DR. J. C. AYER: Dear Sir,—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him pronounced him a dead child. Having used your CHERRY PECTORAL, in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a teaspoonful every three hours, commencing in the morning, and by 10 o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it is the best medicine extant. A feeling of the deepest gratitude prompts me in addressing you these lines,—But for your important discovery, my little boy would now have been in another world.
I am yours, with great respect
J. D. POWELL, Supt. Trans., L. R. R.

Rocky Hill, Somerset Co., N. J., July 21, 1852.
DR. J. C. AYER:—Since your medicine has become known here it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where, he best they can say of it is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.
Please send me a further supply, and believe me
Yours, with respect, JOHN C. WHITLOCK.
P. S.—Almost any number of certificates can be sent you if you wish it.

Windsor, C. W., June 26, 1855.
DR. J. C. AYER—Sir:—This may certify that I have used your CHERRY PECTORAL for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.
Yours very respectfully,
D. A. McCLURE, Attorney at Law.

Wilkesbarre, Pa., Sept. 28, 1850.
DR. J. C. AYER—My dear sir:—Your medicine is much approved by those who have used it here, and its composition is such as to insure and maintain its reputation. I invariably recommend it for pulmonary affections, as do many of our principal physicians. I am your friend,
CHAS. STREATER, M. D.

Prepared by Dr. J. C. Ayer, Chemist, Lowell, Ms.

MEXICAN MUSTANG LINIMENT
THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence.
The People Themselves
have long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away
The Prejudices of the Faculty.
It is extensively used by the Ladies,
It is used by Mechanics and Laboring men,
It is used in families and factories,
It is used expressly by all Express Companies,
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise,
Where it is used, pain cannot exist.
The benumbed limbs are made elastic,
The deep ulcers and frightful sores are healed,
The unstrung nerves are made to vibrate with joy!
Use the Mustang Liniment.
is the spontaneous advice of all.
It has cured more cases of
Rheumatism
than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but appears to give vigor and elasticity to the limbs, before unknown—thus performing a double office.
For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammations, it is unrivalled in the power and efficacy of its operations.
For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a total cure.
Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,
can generally be removed in a few days—and the worst cases can be cured in a few weeks at the farthest. Persons afflicted with these diseases, should be careful in getting the right article to cure them.
Use it upon Your Horses,
for spavin, splint, ring bone, fistula, wind galls, big heads, bruises, strains, string halt, scratches, cracked heels, sweeny, saddle, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll-evil, &c.
The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use
The Mustang Liniment,
totally discarding any other preparations of the kind, and have all given their certificate in its favor.
This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial.
THERE is no Druggist or Country Store keeper
Who pretends to keep medicine at all,
But what keeps a constant supply of the
Mexican Mustang Liniment.
The small size retail for 25 cents per bottle,
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle,
The medium hold three times as much as the small.
The large holds nearly three times as much as the medium,
Therefore the largest bottles are the cheapest

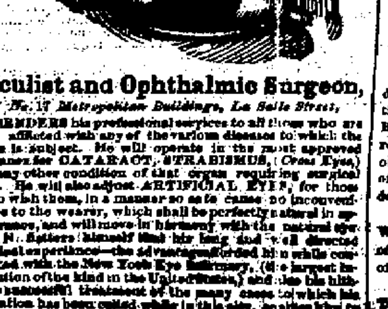
A. B. NEWKIRK, M. D.,



Oculist and Ophthalmic Surgeon,
No. 17 Metropolitan Buildings, La Salle Street,
TENDERS his professional services to all those who are afflicted with any of the various diseases to which the Eye is subject. He will operate in the most approved manner for CATARACT, STRABISMUS, (Cross Eyes,) or any other condition of that organ requiring surgical aid. He will also adjust ARTIFICIAL EYES, for those who wish them, in a manner so as to cause no inconvenience to the wearer, which shall be perfectly natural in appearance, and will move in harmony with the natural eye. Dr. N. flatters himself that his long and well directed clinical experience—the advantages afforded him while connected with the New York Eye Infirmary, (the largest institution of the kind in the United States,) and also the hitherto successful treatment of the many cases to which his attention has been called while in this city, enables him to warrant entire satisfaction to all who may avail themselves of his professional services.

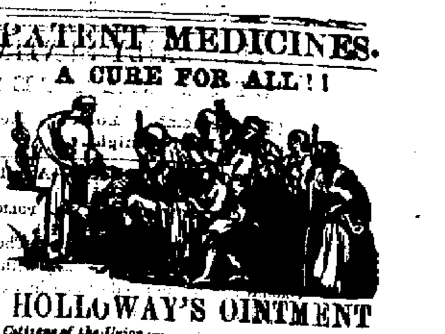
PATENT MEDICINES.

A CURE FOR ALL!!



HOLLOWAY'S OINTMENT
Citizens of the Union:—
You have done me the honor with one voice, from one end of the Union to the other to stamp the character of my Ointment with your approbation. It is scarcely two years since I made it known among you, and already, it has obtained more celebrity than any other Medicine in so short period.
THOMAS HOLLOWAY,
98, Corner of Ann and Nassau Streets, New York.

CURE OF SORE LEGS, AFTER 9 YEARS STANDING.
Mr. W. J. Langley, of Huntsville, Yadkin, North Carolina, suffered for nine years with one of the most painful and troublesome sore legs that ever fell to the lot of man; and after trying every medicine he had ever heard of, he resigned in despair all hope of being cured; but a friend brought him a couple of Pots of Holloway's Ointment, which caused the sores on his legs to heal, and he entirely regained his health, to the astonishment of his acquaintances and friends.

CURE OF A BAD BREAST, WHEN THE PATIENT WAS AT DEATH'S DOOR.
Mr. R. DURANT, of New Orleans, addressed Professor HOLLOWAY as follows:—For 7 years my wife had a bad breast, with ten running wounds, (not of a cancerous nature,) I was told that nothing could save her; she was then induced to use your Ointment and Pills, when in the short space of three months, they effected a perfect cure, to the astonishment of all who knew us. We obtained your Medicines from Messrs. Wright & Co., of Chartres st., New Orleans. I send this from "Hotel des Princes," Paris, although I had written it at New Orleans, before we finally left, not knowing your address at New York.
Nov. 8th, 1853. (Signed) R. DURANT.

The Pills should be used conjointly with the Ointment in most of the following cases:—

Bad Legs	Contracted and	Lumbago	Sore-throat
Bad Breasts	Stiff Joints	Piles	Skin-diseases
Burns	Fistulas	Rheumatism	Scurvy
Bunions	Gout	Salt Rheum	Sore heads
Chilblains	Glandular	Scalds	Ulcers
Chapped hands	swellings	Sore nipples	Wounds.

_ Sold at the establishment of Professor HOLLOWAY, 98, Corner of Ann and Nassau Streets, New York; also by all respectable Druggists and Dealers in Medicines throughout the United States, in Pots, at 37½ cents, 87 cents, and $1.50 cents each. To be had Wholesale of the principal Drug Houses in the Union.
There is a considerable saving by taking the larger sizes.
N. B. Directions for the guidance of patients in every disorder are affixed to each Pot.
S. JOHNSON, Jr., Wholesale Agent for Holloway's medicines, for the State of Wisconsin, 151 East water st., Milwaukee. fly24d&w

HIGHLY IMPORTANT ANNOUNCEMENT.
To the Afflicted Everywhere,
DR. A. L. ADAMS' LIVER BALSAM
COMES GREETING!
DR. A. L. ADAMS' NEW CURE FOR DISEASE is awakening the inquiry in the minds of all who read it. How is it that Americans have been so long and so lavishly immured in darkness and ignorance on the subject of disease.
DR. A. L. ADAMS' LIVER BALSAM,
The great Panacea of Disease is offered to the [illegible] of the States and Territories for the entire cure of Liver Complaints in all stages, Billious Fever, Ague and Fever, Chronic Lung Fever, Dropsical Affections, Coughs, Consumption, Asthma, Jaundice, Bowel Complaints, Diarrhœa, Dysentery, Rheumatism, Piles, Scrofula, Salt Rheum, Dyspepsia, General Debility, Nervousness, Costiveness, Indigestion, Female Complaints, &c.
Dr. A. L. Adams' Liver Balsam now sustains the highest reputation of any remedy before the public and has proved to the most skeptical, beyond a shadow of doubt that it is the only reliable medicine ever discovered! (being purely vegetable) for the permanent cure of the above disease. The most skeptical have become its most sanguine votaries, and pronounce the Liver Balsam to be the only reliable harbinger of health to the afflicted everywhere.
Testimonials come up from every flank it has made, swollen with expressions of gratitude for the relief received by its use. And, in submitting this, the Liver Balsam is recommended to those suffering under the iron grasp of the monster disease, and at once procure one bottle of Dr. A. L. Adams' Liver Balsam.
The reader's attention is called to the perusal of the Medical Circular, which can be obtained of every agent throughout the United States, giving a clear epitome of the causes and cure of disease; also, of certificates of those who have tested its unparalleled ascendency over the diseases to which we are all subject.
G. E. Scott, General Agent, No. 87 Randolph-st., Chicago, Ill., to whom all orders must be addressed to receive prompt attention. Sold by
mr4 A. F. CLARK, Agent.

USE THE
Magic Impression Paper!
For Writing without Pen or Ink, Copying Leaves, Plants, Flowers, Pictures, Patterns for Embroideries, Marking Linen indelibly, and
MANIFOLD WRITING.

THIS ARTICLE IS ABSOLUTELY THE BEST PORtable inkstand in the known world, for a small quantity folded and placed in the pocket constitutes a traveling inkstand which cannot be broken. No pen is needed, for any stick sharpened to a point, writes equally as well as the best gold pen in the universe. For drawing it is indispensable. It is, indeed, the whole art of Drawing and Painting—taught in ONE LESSON. Any leaf, plant or flower can be transferred to the pages of an album with a minute and distinct resemblance of nature. With equal facility, pictures and embroidery patterns are taken, and have received the highest eulogiums from the fair sex; and, indeed, a more tasteful present for a lady could not be produced.

This Magic Paper will also mark Linen, or other articles, so as to remain perfectly indelible. All the washing in the world fails to bring it out. Any child can use it with perfect ease. With this Magic Paper, likewise, one or four copies of every letter written can be secured without any additional labor whatever, making it the cheapest article extant. It is used to great advantage by reporters of the public press, telegraphic operators and hosts of others.

Each package contains four different colors—Black, Blue, Green and Red, with full and printed instructions, for ALL to use, and will last sufficiently long to obtain Five Hundred distinct impressions.

It is put up in beautifully enamelled, colored envelopes, with a truthful likeness of the Proprietor attached. Each and every package warranted.

Price—$2 a Dozen; or, Five for One Dollar. Single Packages, 25 Cents. Address, post-paid,
N. HUBBELL, 167 Broadway, N. Y.

THE UNDERSIGNED WOULD RESPECTFULLY announce to the Public, that he has opened, on
Spring Street, Opposite the American House,
A NEW
PIANO FORTE WARE-ROOM!
Where he will keep on hand a good assortment of the celebrated
AMERICAN ACTION PIANO FORTES,
Manufactured by George Hews, of Boston, Mass.
The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following:

From the illustrious Pianist, L. M. Gottschalk, to Mr. Hews, Agent at New York:
New York, Dec. 5, 1853.
Mr. N. J. Curtiss:—
Dear Sir: Having had the pleasure of performing upon Geo. Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Wareroom, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing, no doubt, to the perfection of the scales.
Very Respectfully, L. M. GOTTSCHALK.

From the distinguished Pianist, William Mason:
Mr. Hews:—Having repeatedly played upon the Piano Fortes manufactured by you, with the American Action, I am free to acknowledge, that for certainty and elasticity of action, power, purity and equality of tone, I have never seen them surpassed in the square Piano Forte.
WILLIAM MASON.

Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments. The Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect.
☞ Pianos to Let. Old Pianos taken in exchange, at liberal prices allowed.
☞ Pianos Tuned and Repaired.

PATENT MEDICINES.

CHERRY PECTORAL,
for the rapid Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyments, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following, and refer further enquiry to my American Almanac, which the Agents below named, will always be pleased to furnish free, wherein are all particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R.R., S.C., Aug. 4, '53.
Dr. J. C. Ayer: Dear Sir—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him pronounced him a dead child. Having used your Cherry Pectoral, in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a teaspoonful every three hours, commencing in the morning, and by 10 o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain.
Its use in the abovenamed disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it is the best medicine extant. A feeling of the deepest gratitude prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.
I am yours, with great respect,
J. D. POWELL, Supt. Trans., L. R. R.

Rocky Hill, Somerset Co., N. J., July 21, 1852.
Dr. J. C. Ayer—Since your medicine has become known here it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.
Please send me a further supply, and believe me
Yours, with respect, JOHN C. WHITLOCK.
P. S.—Almost any number of certificates can be sent you if you wish it.

Wilkesbarre, C. W., June 26, 1855.
Dr. J. C. Ayer—Sir:—This may certify that I have used your Cherry Pectoral for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not over-state my convictions when I tell you it is a priceless remedy.
Yours very respectfully,
D. A. McCLURE, Attorney at Law.

Wilkesbarre, Pa., Sept. 28, 1850.
Dr. J. C. Ayer—My dear Sir:—Your medicine is our most approved by those who have used it here, and its composition is such as to insure and maintain its reputation. I invariably recommend it for pulmonary affections, as do many of our principal physicians. I am your friend,
CHAS. STREATER, M. D.

Prepared by Dr. J. C. Ayer, Chemist, Lowell, Ms.

MEXICAN MUSTANG LINIMENT
THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence.
The People Themselves
have long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away
The Prejudices of the Faculty.
It is extensively used by the Ladies,
It is used by Mechanics and Laboring men,
It is used in families and factories,
It is used expressly by all Express Companies,
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise,
Where it is used, pain cannot exist,
The benumbed limbs are made elastic,
The deep ulcers and frightful sores are healed,
The unstrung nerves are made to vibrate with joy!
Use the Mustang Liniment.
is the spontaneous advice of all.
It has cured more cases of
Rheumatism
than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but appears to give vigor and elasticity to the limbs, before unknown—thus performing a double office.
For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammation, it is unrivalled in the power and efficacy of its operations.
For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a total cure.
Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,
can generally be removed in a few days—and the worst cases can be cured in a few weeks at the farthermost. Persons afflicted with these diseases, should be careful in getting the right article to cure them.
Use it upon Your Horses,
for spavin, splint, ring-bone, fistula, wind galls, big-heads, bruises, strains, string halt, scratches, cracked heels, sweeny, saddle, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll-evil, &c.
The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use
The Mustang Liniment,
totally discarding any other preparations of the kind, and have all given their certificate in its favor.
This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial.
THERE is no Druggist or Country Store keeper
Who pretends to keep medicine at all,
But what keeps a constant supply of the
Mexican Mustang Liniment.
The small size retail for 25 cents per bottle,
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle,
The medium hold three times as much as the small.
The large holds nearly three times as much as the medium,
Therefore the largest bottles are the cheapest.

A. H. NEWKIRK, M. D.,

Oculist and Ophthalmic Surgeon,
No. 17 Metropolitan Buildings, La Salle Street,
TENDERS his professional services to all those who are afflicted with any of the various diseases to which the Eye is subject. He will operate in the most approved manner for CATARACT, STRABISMUS, (Cross Eyes,) or any other condition of that organ requiring surgical aid. He will also adjust ARTIFICIAL EYES, for those who wish them, in a manner so as to cause no inconvenience to the wearer, which shall be perfectly natural in appearance, and will move in harmony with the natural eye. Dr. N. flatters himself that his long and well directed clinical experience—the advantages afforded him while connected with the New York Eye Infirmary, (the largest institution of the kind in the United States,) and also his hitherto successful treatment of the many cases to which his attention has been called while in this city, enables him to warrant entire satisfaction to all who may avail themselves of his professional services.

PATENT MEDICINES.

A CURE FOR ALL!!

HOLLOWAY'S OINTMENT
Citizens of the Union:—
You have done me the honor with one voice, from one end of the Union to the other to stamp the character of my Ointment with your approbation. It is scarcely two years since I made it known among you, and already, it has obtained more celebrity than any other Medicine in so short period.
THOMAS HOLLOWAY,
80, Corner of Ann and Nassau Streets, New York.

CURE OF SORE LEGS, AFTER 9 YEARS STANDING.
Mr. W. J. Langley, of Huntsville, Yadkin, North Carolina, suffered for nine years with one of the most painful and troublesome sore legs that ever fell to the lot of man; and after trying every medicine he had ever heard of, he resigned in despair all hope of being cured; but a friend brought him a couple of Pots of Holloway's Ointment, which caused the sores on his legs to heal, and he entirely regained his health, to the astonishment of his acquaintances and friends.

CURE OF A BAD BREAST, WHEN THE PATIENT WAS AT DEATH'S DOOR.
Mr. R. DURANT, of New Orleans, addressed Professor Holloway as follows:—For 7 years my wife had a bad breast, with ten running wounds, (not of a cancerous nature,) I was told that nothing could save her; she was then induced to use your Ointment and Pills, when in the short space of three months, they effected a perfect cure, to the astonishment of all who knew us. We obtained your Medicines from Messrs. Wright & Co., of Chartres st., New Orleans. I send this from "Hotel des Princes," Paris, although I had written it at New Orleans, before we finally left, not knowing your address at New York.
Nov. 9th, 1853. (Signed) R. DURANT.

The Pills should be used conjointly with the Ointment in most of the following cases:—

Bad Legs	Contracted and	Lumbago	Sore-throat
Bad Breasts	Stiff Joints	Piles	Skin-diseases
Burns	Fistulas	Rheumatism	Scurvy
Bunions	Gout	Salt Rheum	Sore heads
Chilblains	Glandular-	Scalds	Ulcers
Chapped hands	swellings	Sore nipples	Wounds.

, Sold at the establishment of Professor HOLLOWAY, 80, Corner of Ann and Nassau Streets, New York; also by all respectable Druggists and Dealers in Medicines throughout the United States, in Pots, at 37½ cents, 87 cents, and $1,50 cents each. To be had Wholesale of the principal Drug Houses in the Union.
☞ There is a considerable saving by taking the larger sizes.
N. B. Directions for the guidance of patients in every disorder are affixed to each Pot.
S. JOHNSON, Jr., Wholesale Agent for Holloway's medicines, for the State of Wisconsin, 151 East water st., Milwaukee. fly14d&w

HIGHLY IMPORTANT ANNOUNCEMENT.
To the Afflicted Everywhere,
DR. A. L. ADAMS' LIVER BALSAM
COMES GREETING!
DR. A. L. ADAMS' NEW CURE FOR DISEASE is awakening the inquiry in the minds of all who read it. How is it that Americans have been so long and so lavishly immured in darkness and ignorance on the subject of disease.
DR. A. L. ADAMS' LIVER BALSAM,
The great Panacea of Disease is offered to the ... of the States and Territories for the entire cure of Liver Complaints in all stages, Bilious Fever, Ague and Fever, Chronic Lung Fever, Dropsical Affections, Coughs, Consumption, Asthma, Jaundice, Bowel Complaints, Diarrhœa, Dysentery, Rheumatism, Piles, Scrofula, Salt Rheum, Dyspepsia, General Debility, Nervousness, Costiveness, Indigestion, Female Complaints, &c.
Dr. A. L. Adams' Liver Balsam now sustains the highest reputation of any remedy before the public and has proved to the most skeptical, beyond a shadow of doubt that it is the only reliable medicine ever discovered! (being purely vegetable) for the permanent cure of the above disease. The most skeptical have become its most sanguine votaries, and pronounce the Liver Balsam to be the only reliable harbinger of health to the afflicted everywhere.
Testimonials come up from every track it has made, swollen with expressions of gratitude for the relief received by its use. And, in submitting this, the Liver Balsam is recommended to those suffering under the iron grasp of the monster disease, and at once procure one bottle of Dr. A. L. Adams' Liver Balsam.
The reader's attention is called to the perusal of the Medical Circular, which can be obtained of every agent throughout the United States, giving a clear epitome of the causes and cure of disease; also, of certificates of those who have tested its unparalleled ascendency over the diseases to which we are all subject.
G. E. Scott, General Agent, No. 87 Randolph-st., Chicago, Ill., to whom all orders must be addressed to receive prompt attention. Sold by
mar4 A. F. CLARK, Agent.
